Table of Contents

Preface ............................................................................................................................................ xiii

Section 1
Technologies

Chapter 1
Learning Molecular Structures in a Tangible Augmented Reality Environment ......................... 1
Kikuo Asai, The Open University of Japan, Japan
Norio Takase, FiatLux Co. Ltd., Japan

Chapter 2
Organisational Blogging: The Problem of Engagement .............................................................. 19
Gavin J. Baxter, University of the West of Scotland, UK
Thomas M. Connolly, University of the West of Scotland, UK
Mark Stansfield, University of the West of Scotland, UK

Chapter 3
Game-Like Technology Innovation Education ............................................................................ 36
Rikke Magnussen, Aarhus University, Denmark

Chapter 4
“World of Uncertainty” Game for Decision-Makers ................................................................. 46
Jyldyz Tabyldy Kyzym, Queens University, Belfast, UK

Chapter 5
The Siren Song of Digital Simulation: Games, Procedural Rhetoric, and the Process of
Historical Education .................................................................................................................. 52
Jerremie Clyde, University of Calgary, Canada
Glenn Wilkinson, University of Calgary, Canada
Chapter 6
Not Just Playing Around: The MoLeNET Experience of Using Games Technologies to Support Teaching and Learning

Rebecca Petley, LSN, UK
Jill Attewell, LSN, UK
Carol Savill-Smith, LSN, UK

Chapter 7
From the Games Industry: Ten Lessons for Game-Based Learning

Paul Hollins, University of Bolton, UK
Nicola Whitton, Manchester Metropolitan University, UK

Section 2
Innovation

Chapter 8
Social Networking Sites and Language Learning

Billy Brick, Coventry University, UK

Chapter 9
Using Learning Platforms to Support Communication and Effective Learning

Johanna M. Armitage, London Borough of Hounslow, UK

Chapter 10
Connected Learning in an Australian Technology Program: A Case Study

Jane Louise Hunter, University of Western Sydney, Australia

Chapter 11
Motivation, Engagement and Learning through Digital Games

Ioanna Iacovides, The Open University, UK
James Aczel, The Open University, UK
Eileen Scanlon, The Open University, UK
Josie Taylor, The Open University, UK
Will Woods, The Open University, UK

Chapter 12
An Evaluation of Neurogames®: A Collection of Computer Games Designed to Improve Literacy and Numeracy

Misbah Mahmood Khan, University of Hertfordshire, UK
Jonathan Reed, Neurogames, UK
Chapter 13
Personal Smartphones in Primary School: Devices for a PLE? .......................................................... 155
Beat Döbeli Honegger, University of Teacher Education Central Switzerland, Switzerland
Christian Neff, Primary School Goldau, Switzerland

Section 3
Change

Chapter 14
Personal Learning Environments: Concept or Technology? .......................................................... 166
Sebastian H. D. Fiedler, Centre for Social Innovation, Austria &
University of Turku, Finland
Terje Väljataga, Tallinn University, Estonia

Chapter 15
Making it Rich and Personal: Crafting an Institutional Personal Learning Environment .............. 177
Su White, University of Southampton, UK
Hugh Davis, University of Southampton, UK

Chapter 16
Exploring Task-Based Curriculum Development in a Blended-Learning Conversational Chinese
Program ................................................................. 193
Yao Zhang Hill, Kapiʻolani Community College, USA
Stephen L. Tschudi, University of Hawaiʻi at Mānoa, USA

Chapter 17
My Personal Mobile Language Learning Environment: An Exploration and Classification of
Language Learning Possibilities Using the iPhone ................................................................. 212
Maria A. Perifanou, National and Kapodistrian University of Athens, Greece

Chapter 18
Factors Affecting the Design and Development of a Personal Learning Environment: Research
on Super-Users......................................................................................................................... 226
Helene Fournier, National Research Council of Canada, Canada
Rita Kop, National Research Council of Canada, Canada

Chapter 19
Developing New Literacies through Blended Learning: Challenges and Lessons Learned in
Ontario, Canada ....................................................................................................................... 237
Deborah Kitchener, York University, Canada
Janet Murphy, York University, Canada
Robert Lebans, Castlewood Consultants, Canada
Chapter 20
Creative Networks of Practice Using Web 2.0 Tools ................................................................. 254
   Jukka Orava, Media Centre, Finland
   Pete Worrall, Media Consultant, UK

Compilation of References ........................................................................................................... 271

About the Contributors ................................................................................................................. 298
