Table of Contents

Foreword............................................................................................................................................ xvi
Preface................................................................................................................................................ xix

Section 1
Chaos and Complexity in Finance

Chapter 1
Chaos and Complexity in Financial Statements ................................................................. 1
Fernando Juárez, Universidad del Rosario, Colombia

Chapter 2
On Dynamical Behaviors and Chaos Control of the Fractional-Order Financial System ........... 34
Ahmed Sadek Hegazi, Mansoura University, Egypt
El-Sayed Mohamed Ahmed, Mansoura University, Egypt
Ahmed Ezzat Matouk, Mansoura University, Egypt & Hail University, Saudi Arabia

Chapter 3
Recurrence Quantification Analysis of Financial Markets ......................................................... 50
João A. Bastos, Instituto Superior de Economia e Gestao, Technical University of Lisbon, Portugal

Chapter 4
Nonlinear Correlation of Stock and Commodity Indices in Emerging and Developed Market ........ 63
Kousik Guhathakurta, Indian Institute of Management Kozhikode, India
Sharad Nath Bhattacharya, Army Institute of Management, India & University of Calcutta, India
Santo Banerjee, Institute for Mathematical Research, University Putra Malaysia, Malaysia &
International Science Association, Turkey
Basabi Bhattacharya, Jadavpur University, India & Professional Risk Managers’ International
Association Kolkata Chapter, India
Section 2
Complexity in Organization and Leadership

Chapter 5
A Multi-Dimensional Approach to Leadership in Chaotic Environments ......................................................... 89
Şefika Şule Erçetin, Hacettepe University, Turkey
Şuay Nilhan Açıklan, Middle East Technical University, Turkey
M. Şahin Bülbül, Middle East Technical University, Turkey

Chapter 6
Leadership Style and the Management of the Effects of Complexity ................................................................. 105
Dimitris N Antoniadis, Danton-progm, UK

Chapter 7
Chaotic Essence inside the Organizational Reality ............................................................................................... 145
Ulas Cakar, Dokuz Eylül University Tinaztepe Yerleskesi, Turkey
Ozan Nadir Alakavuklar, Dokuz Eylül University Tinaztepe Yerleskesi, Turkey

Chapter 8
Fostering Creative Transformations in Organizations with Chaos ................................................................. 162
Robert Pryor, Australian Catholic University, Australia
Jim Bright, Australian Catholic University, Australia

Chapter 9
To Be on the Edge of Chaos with Organizational Intelligence and Health ..................................................... 182
Şefika Şule Erçetin, Hacettepe University, Turkey
Nihan Potas, Gazi University, Turkey
Nuray Kisa, Hacettepe University, Turkey
Şuay Nilhan Açıklan, Middle East Technical University, Turkey

Chapter 10
Teams and Complexity: Merging Theories towards a Finite Structure ...................................................... 202
Dimitris N Antoniadis, Danton-progm, UK

Section 3
Complexity in Risk and Cognitive Management

Chapter 11
Drifting into Failure: Complexity Theory and the Management of Risk ..................................................... 241
Sidney W. A. Dekker, Griffith University, Australia
Chapter 12
Cognition and Complexity: An Agent-Based Model of Cognitive Capital under Stress 
L. Douglas Kiel, University of Texas at Dallas, USA
John McCaskill, University of Texas at Dallas, USA

Section 4
Nonlinearity in Water and Land Cover Management

Chapter 13
Managing Fisheries in Light of Complexity and Chaos Theories 
Manuel Alberto Martins Ferreira, Instituto Universitário de Lisboa (ISCTE-IUL), BRU-UNIDE, Portugal
Manuel Francisco Pacheco Coelho, SOCIUS/ISEG-UTL, Portugal
Maria Isabel Pedro, CEGIST/IST, Portugal
José António Candeias Bonito Filipe, Instituto Universitário de Lisboa (ISCTE-IUL), BRU-UNIDE, Portugal

Chapter 14
A Comparative Study of Four Different Satellite Image Classification Techniques for Geospatial Management 
Devanjan Bhattacharya, Indian Institute of Science, India & University of Pardubice, Czech Republic
Santo Banerjee, Institute for Mathematical Research, University Putra Malaysia, Malaysia & International Science Association, Turkey

Section 5
Chaos in Management and Econo-Physics

Chapter 15
Managing Chaos in Nonlinear Economic Systems: Globalization and Destination Tourism 
Sam Cole, University at Buffalo, USA

Chapter 16
DemoscopoPhysics: A New and Interdisciplinary Research Field 
M.P. Hanias, National and Kapodistrian University of Athens, Greece
L. Magafas, Kavala Institute of Technology, Greece

Chapter 17
Optimal Variability and Complexity: A Novel Approach for Management Principles 
Joshua L Haworth, University of Nebraska at Omaha, USA
& University of Nebraska Medical Center, USA
Srikant Vallabhajosula, Elon University, USA
George Tzetzis, Aristotle University of Thessaloniki, Greece
Nicholas Stergiou, University of Nebraska at Omaha, USA
& University of Nebraska Medical Center, USA
Chapter 18
Nonlinear Dynamics of Voltage Fluctuation in Power Plants for Strategic Decisions ..................... 352
   Kousik Guhathakurta, Indian Institute of Management Kozhikode, India
   Santo Banerjee, Institute for Mathematical Research, University Putra Malaysia, Malaysia
   & International Science Association, Turkey
   Pranab K Dan, West Bengal University of Technology, India

Chapter 19
Nonparametric Estimation of Nonlinear Dynamics by Local Linear Approximation .................... 368
   Isao Shoji, University of Tsukuba, Japan

Compilation of References ............................................................................................................... 380

About the Contributors ................................................................................................................... 414

Index ............................................................................................................................................. 424
