Table of Contents

Foreword ........................................................................................................................................ iii

Preface ........................................................................................................................................... xv

Acknowledgment ............................................................................................................................ xviii

Chapter 1
Pedagogical and Technological Considerations Designing Collaborative Learning Using Educational Technologies ........................................................................................................ 1
Karen Skibba, University of Wisconsin-Madison, USA
Danyelle Moore, Niagara University, USA
Jennifer H. Herman, Niagara University, USA

Chapter 2
Integrating Technology in Teacher Education Programs ................................................................... 28
James N. Oigara, Canisius College, USA

Chapter 3
Increasing Student Engagement and Extending the Walls of the Classroom with Emerging Technologies ................................................................................................................................. 44
Thomas G Wangler, Benedictine University, USA
Ellen M Ziliak, Benedictine University, USA

Chapter 4
Technology Expanding Horizons in Teacher Education: Transformative Learning Experiences .......... 61
Darrell Hucks, Keene State College, USA
Matthew Ragan, Keene State College, USA

Chapter 5
A State of the Art Cart: Visual Arts and Technology Integration in Teacher Education .................. 80
Valerie Nguyen, Pacific University, USA
Mark Szymanski, Pacific University, USA
Chapter 6
Media and Technology Integration through Media Literacy Education .................................................. 105
Theresa A. Redmond, Appalachian State University, USA

Chapter 7
Librarians’ Roles in Informatics to Support Classroom Incorporation of Technology .................. 129
Lesley S. J. Farmer, California State University Long Beach, USA

Chapter 8
Employing Emerging Technologies in Educational Settings: Issues and Challenges .................. 148
Ajlan M. Alshehri, Institute of Public Administration, Saudi Arabia

Chapter 9
Internet Technology Levels in a Higher Education Teaching and Learning Environment: Discriminant Function Analysis Approach .............................................................. 163
John K. Rugutt, Illinois State University, USA
Lucille L. T. Eckrich, Illinois State University, USA
Caroline C. Chemosit, Lincoln College, USA

Chapter 10
Integration of the Computer Games into Early Childhood Education Pre-Service Teachers’ Mathematics Teaching ............................................................. 178
Hatice Sancar Tokmak, Mersin University, Turkey
Lutfi Incikabi, Kastamonu University, Turkey

Chapter 11
A Case Study in Online Delivery: Boarding the Bullet Train to an Online Music Degree ............ 197
Beth Gigante Klingenstein, Valley City State University, USA
Sara Hagen, Valley City State University, USA

Chapter 12
Using Social Media to Enhance Instruction in Higher Education .................................................. 217
Bethany K. B. Fleck, Metropolitan State University of Denver, USA
Aaron S. Richmond, Metropolitan State University of Denver, USA
Heather D. Hussey, Northcentral University, USA

Chapter 13
A TPACK Course for Developing Pre-Service Teachers’ Technology Integration Competencies: From Design and Application to Evaluation .................................................. 242
Isil Kabakci Yurdakul, Anadolu University, Turkey
H. Ferhan Odabasi, Anadolu University, Turkey
Y. Levent Sahin, Anadolu University, Turkey
Ahmet N. Coklar, Necmettin Erbakan University, Turkey
Chapter 14
Changing the Face of ELA Classrooms: A Case Study of TPACK Professional Development........ 270
Dianna L. Newman, University at Albany/SUNY, USA
Victoria C. Coyle, University at Albany/SUNY, USA
Lori A. McKenna, Schenectady City School District, USA

Chapter 15
integrating technology into mathematics teaching: A TPACK (technological, pedagogical, content
knowledge)-Based Course Design for College Students ............................................................................... 288
Lutfi Incikabi, Kastamonu University, Turkey
Hatice Sancar Tokmak, Mersin University, Turkey

Chapter 16
privacy and identity management in social media: Driving Factors for Identity Hiding ............ 304
Simone Smala, University of Queensland, Australia
Saleh Al-Shehri, King Khalid University, Saudi Arabia

Compilation of References ..................................................................................................................... 321

About the Contributors .......................................................................................................................... 348
