Preface .................................................................................................................................................. xiv

Section 1
Behind the Scenes: Creating Infrastructure and Metadata for Digital Libraries

Chapter 1
Infrastructure-Based Research Digital Libraries ................................................................. 1
Leonardo Candela, Istituto di Scienza e Tecnologie dell’Informazione “Alessandro Faedo”
Consiglio Nazionale delle Ricerche, Italy
Donatella Castelli, Istituto di Scienza e Tecnologie dell’Informazione “Alessandro Faedo”
Consiglio Nazionale delle Ricerche, Italy
Paolo Manghi, Istituto di Scienza e Tecnologie dell’Informazione “Alessandro Faedo”
Consiglio Nazionale delle Ricerche, Italy
Pasquale Pagano, Istituto di Scienza e Tecnologie dell’Informazione “Alessandro Faedo”
Consiglio Nazionale delle Ricerche, Italy

Chapter 2
Reengineering The Portal to Texas HistorySM: A Case Study ........................................ 18
Kathleen Murray, University of North Texas, USA
Mark Phillips, University of North Texas, USA
William Hicks, University of North Texas, USA
Neena Weng, University of North Texas, USA
Dreanna Belden, University of North Texas, USA

Chapter 3
Content Analysis of CONTENTdm Item Level Records and Their Aggregated Metadata in
WorldCat ........................................................................................................................................... 47
Iris Lee, American Museum of Natural History, USA
Mary Tyson, Whitney Museum of American Art, USA
Section 2
Preservation, Access, and Services

Chapter 4
Issues and Challenges of Integrating Digital Library Services in Blended Learning Environments: A Case Study of Open University Malaysia (OUM) .......................................................... 64
Norasieh Md Amin, Auckland University of Technology (AUT), New Zealand
Ruzita Ramly, Open University Malaysia (OUM), Malaysia
Philippa Gerbic, Auckland University of Technology (AUT), New Zealand

Chapter 5
Information Analysis in Digital Library Environments: Lessons Learned in Pharma.......................... 87
Lauren Harrison, Roche Pharmaceutical Corp., USA

Chapter 6
Listening to Images: Exploring Alternate Access to a Digital Collection ............................................ 93
Kathleen C. Lonbom, Illinois State University, USA

Chapter 7
Wrestling with Mosasaurs: Results of the Sternberg Museum of Natural History-Forsyth Library Fossil Digitization Pilot Project ................................................................. 103
Andrew Weiss, California State University, Northridge, USA

Section 3
Establishing Benchmarks: Evaluation Methodology and Practice in Digital Libraries

Chapter 8
Evaluation Constructs and Criteria for Digital Libraries: A Document Analysis................................. 126
Soohyung Joo, University of Wisconsin – Milwaukee, USA
Iris Xie, University of Wisconsin – Milwaukee, USA

Chapter 9
Building for Success? Evaluating Digital Libraries in the Cultural Heritage Domain ....................... 141
Vivien Petras, Humboldt-Universität zu Berlin, Germany
Juliane Stiller, Humboldt-Universität zu Berlin, Germany
Maria Güde, Humboldt-Universität zu Berlin, Germany

Chapter 10
Ping Li, City University of New York, USA
Section 4
The Social Construction of Digital Library Technology

Chapter 11
Documenting the Untold Stories of Feminist Activists at Welfare Rights Initiative: A Digital Oral History Archive Project ................................................................................................................. 178
  Cynthia Tobar, City University of New York, USA

Chapter 12
Creating an Online Image Database: Illustrating a Hands-On Approach to Experiential Learning... 188
  Claudia A. Perry, City University of New York, USA
  Walter E. Valero, City University of New York, USA

Chapter 13
Enterprise 2.0 in a Digital Library: Implementations and Outcomes .................................................. 205
  Adam Sofronijevic, University of Belgrade, Serbia

Compilation of References ................................................................................................................ 227

About the Contributors ..................................................................................................................... 248
