Table of Contents

Foreword .............................................................................................................................................. xx

Preface ................................................................................................................................................ xxiii

Section 1
Frameworks and Conceptual Orientations

Chapter 1
Core Math Tools: Supporting Equitable Implementation of the Common Core State Standards
for Mathematics ............................................................... 1
Christian Hirsch, Western Michigan University, USA
Brin Keller, Michigan State University, USA
Nicole Fonger, Western Michigan University, USA
Alden Edson, Western Michigan University, USA

Chapter 2
Supporting Mathematical Communication through Technology .................................................. 23
Chandra Hawley Orrill, University of Massachusetts Dartmouth, USA
Drew Polly, University of North Carolina at Charlotte, USA

Chapter 3
Implementing Common Core State Standards using Digital Curriculum ............................... 38
Michelle Rutherford, Apex Learning, USA

Chapter 4
A Framework for TPACK Action Research ................................................................................. 45
P. Mark Taylor, Carson-Newman University, USA
Section 2
Content and Context

Chapter 5
Fostering Mathematical Competence through Technology-Enhanced Interactive Environments
Azita Manouchehriazi, The Ohio State University, USA
Jennifer Czocher, Texas State University-San Marcos, USA
Ravi Samanyajulu, Eastern Illinois University, USA
Yating Liu, Old Dominion University, USA
Pingping Zhang, The Ohio State University, USA
Jenna Tague, The Ohio State University, USA

Chapter 6
Using Technology to Engage Students with the Standards for Mathematical Practice: The Case of DGS
Milan Sherman, Drake University, USA

Chapter 7
The Incorporation of Geometer's Sketchpad in a High School Geometry Curriculum
Lisa Ames, Wood-Ridge High School, USA
Heejung An, William Paterson University, USA
Sandra Alon, William Paterson University, USA

Chapter 8
Integrating Digital Technologies for Spatial Reasoning: Using Google SketchUp to Model the Real World
D. Craig Schroeder, Fayette County Public Schools, USA
Carl W. Lee, University of Kentucky, USA

Chapter 9
Design and Implementation of Computational Modeling for Learning Mathematical Concepts
Shelby P. Morge, University of North Carolina Wilmington, USA
Mahnaz Moallem, University of North Carolina Wilmington, USA
Chris Gordon, University of North Carolina Wilmington, USA
Gene Tagliarini, University of North Carolina Wilmington, USA
Sridhar Narayan, University of North Carolina Wilmington, USA

Chapter 10
PhET Interactive Simulations: New Tools to Achieve Common Core Mathematics Standards
Karina K. R. Hensberry, University of Colorado Boulder, USA
Ariel J. Paul, University of Colorado Boulder, USA
Emily B. Moore, University of Colorado Boulder, USA
Noah S. Podolefsky, University of Colorado Boulder, USA
Katherine K. Perkins, University of Colorado Boulder, USA
Chapter 11
  Woong Lim, Kennesaw State University, USA
  Dong-Gook Kim, Dalton State College, USA

Chapter 12
Sketchpad®, TinkerPlots®, and Fathom®: Using Dynamic Geometry® Software Tools Strategically ................................................................. 184
  Karen Greenhaus, Consultant, Edtech Professional Development, USA

Section 3
Vignettes and Cases

Chapter 13
Solving Equations is All about Balance: Using Virtual Manipulatives in the Middle School Classroom ................................................................. 201
  Robin Magruder, University of Kentucky, USA
  Margaret Mohr-Schroeder, University of Kentucky, USA

Chapter 14
Two Classroom Portraits Demonstrating the Interplay of Secondary Mathematics Teachers’ TPACK on their Integration of the Mathematical Practices .................................................. 215
  Jessica Taylor Ivy, Mississippi State University, USA
  Dana Pomykal Franz, Mississippi State University, USA

Chapter 15
Supporting Pattern Exploration and Algebraic Reasoning through the Use of Spreadsheets........... 228
  Ayhan Kursat Erbas, Middle East Technical University, Turkey
  Sarah Ledford, Kennesaw State University, USA
  Chandra Hawley Orrill, University of Massachusetts Dartmouth, USA
  Drew Polly, University of North Carolina at Charlotte, USA

Chapter 16
Common Core Standards for Mathematical Practice and TPACK: An Integrated Approach to Instruction ........................................................................... 234
  Jayme Linton, Lenior-Rhyne University, USA
  David Stegall, Newton-Connover City Schools, USA

Chapter 17
Supporting the Common Core State Standards in Mathematics through Mathematics Journals ...... 250
  Christie Martin, University of North Carolina at Charlotte, USA
  Drew Polly, University of North Carolina at Charlotte, USA
Chapter 18
The Impact of *Investigations and the Interactive Whiteboard* on Students’ Mathematical Practice in *Investigations* Classrooms ................................................................. 263

*Linda Boland, Pearson Education Inc., USA*

---

Section 4
Innovative Approaches to Teacher Education and Professional Development

Chapter 19
LessonSketch: An Environment for Teachers to Examine Mathematical Practice and Learn about its Standards .................................................................................................. 281

*Patricio Herbst, University of Michigan, USA*
*Wendy Aaron, Oregon State University, USA*
*Vu Minh Chieu, University of Michigan, USA*

Chapter 20
Supporting Teachers’ Instrumental Genesis with Dynamic Mathematical Software.................. 295

*Sandra Madden, University of Massachusetts Amherst, USA*

Chapter 21
A Framework for Developing Robust Online Professional Development Materials to Support Teacher Practice under the Common Core .................................................. 319

*Theodore Kopcha, University of Georgia, USA*
*Keri Duncan Valentine, University of Georgia, USA*

Chapter 22
The Use of Digital Resources to Support Elementary School Teachers’ Implementation of the Common Core State Standards ................................................................. 332

*Amy Jensen Lehew, Charlotte-Mecklenburg Schools, USA*
*Drew Polly, UNC Charlotte, USA*

Chapter 23
Digitizing Students’ Voices: Assessing Mathematical Justification........................................ 339

*Christine Browning, Western Michigan University, USA*
*Alden Edson, Western Michigan University, USA*
*Diane Rogers, Western Michigan University, USA*

Chapter 24
TPACK Pathways that Facilitate CCSS Implementation for Secondary Mathematics Teacher Candidates................................................................................. 353

*Nathan Borchelt, Western Carolina University, USA*
*Axelle Faughn, Western Carolina University, USA*
*Kathy Jaqua, Western Carolina University, USA*
*Kate Best, Western Carolina University, USA*
Chapter 25
Using the iPad to Develop Preservice Teachers’ Understanding of the Common Core State Standards for Mathematical Practice .......................................................... 370
   Mary Grassetti, Framingham State University, USA
   Silvy Brookby, Framingham State University, USA

Compilation of References .......................................................................................... 387

About the Contributors ................................................................................................... 409
