Acknowledgment

We would like to express our appreciation to the authors whose chapters appear in this book. Their excellent contributions make us feel confident that readers will truly benefit from reading this book.

We are very grateful for the support provided by the reviewers. Their comments and suggestions were helpful in making editorial decisions and providing important feedback to the authors for improving and revising their chapters.

We would like to thank our two doctoral candidates, Yinghui Shi and Sha Zhu, for help in checking the details of this book. Special thanks go to Yaruan Cai for wonderful understanding and unconditional support.
