Acknowledgment

I would like to thank all the authors for their excellent contributions to this book. I also wish to acknowledge the support of the editorial advisory board and the help of all who involved in the collection and review process of this book. Without them, this book project could not have been satisfactorily completed. Special thanks go to all those who provided constructive and comprehensive review comments, as well as those who willingly helped in some last-minute urgent reviews.

A further special note of thanks goes to the staff members at IGI Global. Their editorial assistance and professional support, from the inception of the initial idea to final publication, have been invaluable. In particular, I would like to thank Kristin Klinger, Heather Probst and Tyler Heath who continuously prodded me with e-mail to keep the project on schedule, and Mehdi Khosrow-pour whose invitation motivated me to take on this project.

Finally, I hope the readers would enjoy reading this book as much as I have enjoyed putting it together.
