Table of Contents

Preface ......................................................................................................................................................xvii

Section 1
Economics of Information and Systems

Chapter 1
Information as Economic Good: Its Origins, Characteristics, Pricing, and Associated Legal and
Ethical Issues ........................................................................................................................................... 1
          Shana Ponelis, University of Wisconsin - Milwaukee, USA & University of Pretoria, South Africa

Chapter 2
Costs of Information Services and Information Systems: Their Implications for Investments,
Pricing, and Market-Based Business Decisions ....................................................................................14
          Steve G. Parsons, Washington University, USA

Chapter 3
Measuring and Managing the Economics of Information Storage .......................................................47
          Jakub Swacha, University of Szczecin, Poland

Section 2
Business Value of IT/IS

Chapter 4
Improving the Business Value of IS .......................................................................................................67
          Sunghun Chung, McGill University, Canada

Chapter 5
Business Value of Information Technology: Measuring Performance and Sources of Profitability.....82
          Jorge A. Romero, Towson University, USA

Chapter 6
ICT Investments and Management for Organizations ...........................................................................91
          Georgios N. Angelou, University of Macedonia, Greece
          Anastasios A. Economides, University of Macedonia, Greece
Chapter 7
Valuation of Technology-Based Companies: The Case of Activision Blizzard........................................ 108
João Zambujal-Oliveira, Instituto Superior Técnico, Universidade de Lisboa, Portugal
César Serradas, Instituto Superior Técnico, Universidade de Lisboa, Portugal

Chapter 8
The Role of Value Networks in the Design of Mobile Platforms: The Case of Apple iPhone ........... 123
Mutaz M. Al-Debei, University of Jordan, Jordan
Anas Aloudat, University of Jordan, Jordan
Enas Al-Lozi, Al-Zaytoonah University of Jordan, Jordan
Mohammad Mourhaf Al Asswad, Cornell University, USA

Section 3
Information Security Economics and Consulting

Chapter 9
Cost-Effectiveness of Security Measures: A Model-Based Framework.................................................. 139
Wolter Pieters, Delft University of Technology, The Netherlands & University of Twente, The Netherlands
Christian W. Probst, Technical University of Denmark, Denmark
Zofia Lukszo, Delft University of Technology, The Netherlands
Lorena Montoya, University of Twente, The Netherlands

Chapter 10
Identifying the Business Value of Information Security ................................................................. 157
Lucas Cardholm, Coromatic Group, Sweden

Chapter 11
Unethical Information Security Behavior and Organizational Commitment ..................................... 181
Toshihiko Takemura, Saga University, Japan

Chapter 12
Understanding Outsourcing of Information Systems ................................................................. 199
Luca Giustiniano, Luiss Guido Carli, Italy
Lucia Marchegiani, Università degli Studi di Roma Tre, Italy
Enzo Peruffo, Luiss Guido Carli, Italy
Luca Pirolo, Luiss Guido Carli, Italy

Chapter 13
Are IT Outsource Engagements Offering the Expected Values and Benefits? Can it be Delivered
More Productively and Cost Effectively? ......................................................................................... 221
Dimitris Folinas, Alexander Technological Institute of Thessaloniki, Greece
Jan Smit, di-nostix.com, South Africa
Chapter 14
The Information Technology Audit ................................................................. 236
David Reavis, Texas A&M University – Texarkana, USA

Section 4
Strategic Information Systems

Chapter 15
Accelerating Knowledge Adoption: Information Systems Change Management – A Perspective of Social Network Structure ................................................................. 253
Hung-Chun Huang, National Chi Nan University, Taiwan & Nan Kai University of Technology, Taiwan
Frederick Leslie Davy, National Chi Nan University, Taiwan
Hsin-Yu Shih, National Chi Nan University, Taiwan
Chwei-Jen Fan, Nan Kai University of Technology, Taiwan

Chapter 16
Performance Implications and Fit of Knowledge Management Strategy and Strategic Information Technology Management ................................................................. 267
Yue-Yang Chen, I-Shou University, Taiwan

Chapter 17
Assessment of Strategic Information Systems Planning (SISP) Techniques from Requirement View ................................................................. 278
Abdullah M Basahel, King Abdulaziz University, Saudi Arabia

Chapter 18
Information Quality on Yahoo! Answers ............................................................. 295
Pnina Fichman, Indiana University – Bloomington, USA

Section 5
Information Systems Change Management and Public Policy

Chapter 19
Knowledge-Based Economic Growth from the Social Context of Information Technology .......... 309
Benjamin Yeo, Chapman University, USA

Chapter 20
An Empirical Analysis of Innovation Success Factors Due to ICT Use in Japanese Firms .......... 324
Hiroki Idota, Kinki University, Japan
Teruyuki Bunno, Kinki University, Japan
Masatsugu Tsuji, University of Hyogo, Japan
