Acknowledgment

I am profoundly grateful to the authors and reviewers who have made this publication possible with their research, constructive comments, and suggestions. I would also like to thank the members of the editorial advisory board for their advice and suggestions. Sincere thanks are also due to Dr. Alex Kootsookos and Professor Roger Hadgraft for their efforts in the finalization of all chapters. Finally, I am highly indebted to IGI’s Assistant Development Editor, Allyson Gard, as well as the Acquisition Editor, Kayla Wolfe, and the production editor and other IGI staff for their patience, understanding, and guidance in bringing this book to fruition.
