Table of Contents

Preface....................................................................................................................................................xix

Section I
Augmenting Learning

Chapter I
The Role of Learner in an Online Community of Inquiry: Responding to the Challenges
of First-Time Online Learners .................................................................................................................. 1

Martha Cleveland-Innes, Athabasca University, Canada
Randy Garrison, The University of Calgary, Canada
Ellen Kinsel, Odyssey Learning Systems, Canada

Chapter II
Students’ Attitudes toward Process and Product Oriented Online Collaborative
Learning.......................................................................................................................................................... 15

Xinchun Wang, California State University, Fresno, USA

Chapter III
Cognition, Technology, and Performance: The Role of Course Management Systems ............ 35

Teresa Lang, Columbus State University, USA
Dianne Hall, Auburn University, USA

Chapter IV
The Role of Organizational, Environmental and Human Factors in E-Learning
Diffusion..................................................................................................................................................... 53

Kholerile L. Gwebu, University of New Hampshire, USA
Jing Wang, Kent State University, USA

Chapter V
Distance Education: Satisfaction and Success...................................................................................... 71

Wm. Benjamin Martz, Jr., Northern Kentucky University, USA
Morgan Shepherd, University of Colorado at Colorado Springs, USA
Chapter VI
  John Lin, National University of Singapore, Singapore
  Yin Ping Yang, National University of Singapore, Singapore
  Yingqin Zhong, National University of Singapore, Singapore

Section II
Design, Modeling, and Evaluation Issues

Chapter VII
Knowledge Flow and Learning Design Models towards Lifewide E-Learning Environments ................................................................. 110
  M.C. Pettenati, University of Florence, Italy
  M.E. Cigognini, University of Florence, Italy

Chapter VIII
An Agent-Based Framework for Personalized E-Learning Services ........................................ 130
  Larbi Esmahi, Athabasca University, Canada

Chapter IX
Supporting Evolution of Knowledge Artifacts in Web Based Learning Environments .................. 142
  Dimitris Kotzinos, Institute of Computer Science, FORTH-ICS and Department of Geomatics and Surveying, TEI of Serres, Greece
  Giorgos Flouris, Institute of Computer Science, FORTH-ICS, Greece
  Yannis Tzitzikas, University of Crete and Institute of Computer Science, FORTH-ICS, Greece
  Dimitris Andreou, Institute of Computer Science, FORTH-ICS, Greece
  Vassilis Christophides, University of Crete and Institute of Computer Science, FORTH-ICS, Greece

Chapter X
Interface and Features for an Automatic ‘C’ Program Evaluation System .................................. 168
  Amit Kumar Mandal, IIT Kharagpur, India
  Chittaranjan Mandal, IIT Kharagpur, India
  Chris Read, Kingston University, UK

Chapter XI
Evaluating Computerized Adaptive Testing Systems .............................................................. 186
  Anastasios A. Economides, University of Macedonia, Greece
  Chrysostomos Roupas, University of Macedonia, Greece
Chapter XII
Technology Integration Practices within a Socioeconomic Context: Implications for Educational Disparities and Teacher Preparation

Holim Song, Texas Southern University, USA
Emiel Owens, Texas Southern University, USA
Terry T. Kidd, University of Texas School of Public Health, USA

Chapter XIII
Utilizing Web Tools for Computer-Mediated Communication to Enhance Team-Based Learning

Elizabeth Avery Gomez, New Jersey Institute of Technology, USA
Dezhi Wu, Southern Utah University, USA
Katia Passerini, New Jersey Institute of Technology, USA
Michael Bieber, New Jersey Institute of Technology, USA

Chapter XIV
Accessible E-Learning: Equal Pedagogical Opportunities for Students with Sensory Limitations

Rakesh Babu, University of North Carolina at Greensboro, USA
Vishal Midha, University of North Carolina at Greensboro, USA

Section III
Tools and Applications

Chapter XV
Supporting Argumentative Collaboration in Communities of Practice: The CoPe_it! Approach

Nikos Karacapilidis, University of Patras and Research Academic Computer Technology Institute, Greece
Manolis Tzagarakis, Research Academic Computer Technology Institute, Greece

Chapter XVI
Personalization Services for Online Collaboration and Learning

Christina E. Evangelou, Informatics and Telematics Institute, Greece
Manolis Tzagarakis, Research Academic Computer Technology Institute, Greece
Nikos Karousos, Research Academic Computer Technology Institute, Greece
George Gkotsis, Research Academic Computer Technology Institute, Greece
Dora Nousia, Research Academic Computer Technology Institute, Greece
Chapter XVII
Computer-Aided Personalised System of Instruction for Teaching Mathematics
in an Online Learning Environment ................................................................. 271
  Willem-Paul Brinkman, Delft University of Technology, The Netherlands
  Andrew Rae, Brunel University, UK
  Yogesh Kumar Dwivedi, Swansea University, UK

Chapter XVIII
Social Software for Sustaining Interaction, Collaboration, and Learning in
Communities of Practice ............................................................................. 300
  Sandy el Helou, École Polytechnique Fédérale de Lausanne (EPFL), Switzerland
  Denis Gillet, École Polytechnique Fédérale de Lausanne (EPFL), Switzerland
  Christophe Salzmann, École Polytechnique Fédérale de Lausanne (EPFL), Switzerland
  Yassin Rekik, École Polytechnique Fédérale de Lausanne (EPFL), Switzerland

Chapter XIX
Multimedia Authoring for Communities of Teachers .................................... 317
  Agnès Guerraz, INRIA Rhône-Alpes, France
  Cécile Roisin, INRIA Rhône-Alpes, France
  Jan Mikáč, INRIA Rhône-Alpes, France
  Romain Deltour, INRIA Rhône-Alpes, France

Compilation of References ........................................................................... 334

About the Contributors .................................................................................. 367

Index ............................................................................................................ 375
