Table of Contents

Foreword ........................................................................................................................................... xviii
Preface .................................................................................................................................................. xx

**Section 1**
**Multicultural Awareness and Student Exchange**

**Chapter 1**
A Model to Build an Intercultural Professional Learning Community in a Latin American Higher Education Network: The “Value Cycle” Using Web 2.0 .................................................................................................................. 1
   *Piergiuseppe Ellerani, University of Salento, Italy*

**Chapter 2**
Intercultural Collaborative Learning Scenarios in E-Business Education: Media Competencies for Virtual Workplaces............................................................................................................................................. 24
   *Elisabeth Katzlinger, Johannes Kepler University – Linz, Austria*
   *Michael A. Herzog, Magdeburg-Stendal University of Applied Sciences, Germany*

**Chapter 3**
Social Science Universals ..................................................................................................................... 47
   *Thomas Hansson, Blekinge Institute of Technology, Sweden*

**Chapter 4**
Student Mobility in Higher Education Explained by Cultural and Technological Awareness in Taiwan ............................................................................................................................................. 66
   *Dian-Fu Chang, Tamkang University, Taiwan*

**Chapter 5**
A Sociocultural Approach to Developing Online Drill and Practice TOEIC Preparation Materials for EFL Programs ............................................................................................................................................. 86
   *Ibrahim Farouck, Otaru University of Commerce, Japan*
Section 2
E-Learning

Chapter 6
A Virtual Learning Process Environment and Comparison with Conventional E-Learning Systems ................................................................. 107
Ayodeji Adesina, Dublin City University, Ireland
Derek Molloy, Dublin City University, Ireland

Chapter 7
E-Learning Math Course Design Process ................................................................. 138
Leszek Rudak, University of Warsaw, Poland

Chapter 8
E-Learning Tools Applied in Teaching English at the University Level ........................................... 156
Valéria Medárová, School of Management, Slovakia

Chapter 9
Evaluating a Learning Management System to Support Classroom Teaching .............................. 176
Tiago França Melo de Lima, Federal University of Ouro Preto, Brazil
Thiago Nazareth dos Passos, Federal University of Ouro Preto, Brazil

Chapter 10
Learning Cultures and Multiculturalism: Authentic E-Learning Designs ..................................... 197
Hanna Teräs, Curtin University, Australia
Irja Leppisaari, Centria University of Applied Sciences, Finland
Marko Teräs, University of Wollongong, Australia
Jan Herrington, Murdoch University, Australia

Chapter 11
Blended Learning at Ajman University of Science and Technology: A Case Study .................... 218
Ahmed Ankit, Ajman University of Science and Technology, UAE
Mirna Nachouki, Ajman University of Science and Technology, UAE
Mahmoud Abou Naaj, Ajman University of Science and Technology, UAE

Section 3
Teaching Assessments, Methods, and Approaches

Chapter 12
Comparing Learning Styles and Technology Acceptance of Two Culturally Different Groups of Students ................................................................. 244
Nauman Saeed, La Trobe University, Australia
Suku Sinnappan, Swinburne University of Technology, Australia
Chapter 13
An Intelligent System for Learning First Order Logic to Clause Form Conversion ........................................ 265
Foteini Grivokostopoulou, University of Patras, Greece
Ioannis Hatzilygeroudis, University of Patras, Greece
Isidoros Perikos, University of Patras, Greece

Section 4
Teaching via Technologies

Chapter 14
Applying a Technological Pedagogical Content Knowledge Framework in Ethiopian English Language Teacher Education ............................................................................................................... 286
Berhanu Abera, Addis Ababa University, Ethiopia

Chapter 15
Computer Skills and Prior Experience with E-Learning Courses as Factors that Affect Development of Intellectual Thinking Dispositions in Online Learning ................................................ 302
Dan Bouhnik, Jerusalem College of Technology, Israel
Golan Carmi, Jerusalem College of Technology, Israel

Chapter 16
Envisioning Mobile Learning as the Future of Teaching and Learning via Technology: A Literature Review of Mobile Learning ................................................................. 324
Umera Intinan, Curtin University, Australia
Vanessa Chang, Curtin University, Australia
Tomayess Issa, Curtin University, Australia

Chapter 17
Interactive Multimedia: Increasing the Study in Primary Education .............................................................. 342
Eunice Maria Mussoi, Federal University of Rio Grande do Sul (UFRGS), Brazil
Erico Marcelo Hoff do Amaral, Federal University of Rio Grande do Sul (UFRGS), Brazil
Liane Margarida Rockembach Tarouco, Federal University of Rio Grande do Sul (UFRGS), Brazil
José Valdeni de Lima, Federal University of Rio Grande do Sul (UFRGS), Brazil

Chapter 18
Massive Open Online Courses: Imposter or Saviour? .................................................................................... 363
Winthrop Gary J. Stockport, The University of Western Australia, Australia

Compilation of References .............................................................................................................................. 377
