# Table of Contents

Foreword.................................................................................................................... xv

Preface......................................................................................................................... xviii

Acknowledgment......................................................................................................... xxix

## Section 1
**Homeland Security Centers of Excellence**

### Chapter 1
The Challenges of Obtaining Credible Data for Transportation Security Modeling ................................................................. 1

*Matt Campo, Rutgers University, USA*

*Michael Greenberg, Rutgers University, USA*

*Henry Mayer, Rutgers University, USA*

*Karen Lowrie, Rutgers University, USA*

### Chapter 2
The Center for Secure and Resilient Maritime Commerce: A DHS National Center of Excellence in Maritime Security................................................................. 20

*Julie Pullen, Stevens Institute of Technology, USA*

*Michael Bruno, Stevens Institute of Technology, USA*

### Chapter 3
Command, Control, and Interoperability Center for Advanced Data Analysis: A Department of Homeland Security Data Sciences Center of Excellence......... 39

*Asamoah Nkwanta, Morgan State University, USA*

*Janet E. Barber, Central Michigan University, USA & Prince George’s Community College, USA*
Section 2
Research and Knowledge Discovery

Chapter 4
Detecting Electronic Initiators Using Electromagnetic Emissions ...................... 69
  Colin Stagner, Missouri S&T, USA
  Sarah Seguin, University of Kansas, USA
  Steve Grant, Missouri S&T, USA
  Daryl Beetner, Missouri S&T, USA

Chapter 5
Maritime Security Summer Research Institute ................................................. 100
  Beth Austin-DeFares, Stevens Institute of Technology, USA
  Julie Pullen, Stevens Institute of Technology, USA
  Barry Bunin, Stevens Institute of Technology, USA

Chapter 6
  Leigh R. Anderson, The Ohio State University, USA

Chapter 7
Visual Analytics for Students and Teachers (VAST) Model at a Minority Serving Institution: A Department of Homeland Security Project for Strengthening STEM Teaching and Learning......................................................... 152
  Timothy Akers, Morgan State University, USA
  Kofi Nyarko, Morgan State University, USA
  Douglas Gwynn, Morgan State University, USA
  Willie D. Larkin, Morgan State University, USA

Chapter 8
Critical Infrastructure Higher Education Initiative .............................................. 170
  Kendal Smith, George Mason University, USA

Chapter 9
An Examination of Challenges Faced by First Responders in the Midst of Disaster .................................................................................................................. 198
  Terri Adams, Howard University, USA
Chapter 10
DHS Minority Serving Institution (MSI) Programs: Research Linked to DHS Centers of Excellence (COE) .......................................................... 217
  Kevin A. Peters, Morgan State University, USA
  Nira C. Taru, Morgan State University, USA

Chapter 11
Homeland Security Information Technology and Engineering (ITE) Professional Development Training for Educators in Urban High Schools .................. 245
  Cecelia Wright Brown, University of Baltimore, USA

Chapter 12
Conclusion: Perspectives on Effective Collaborative STEM Research Experiences Linked to DHS Centers of Excellence (COE) .............................. 268
  Kevin Peters, Morgan State University, USA
  Cecelia Wright Brown, University of Baltimore, USA
  Kofi Nyarko, Morgan State University, USA
