Acknowledgment

This book is the result of many efforts, not just of the editors, but of a lot of people and institutions.

Firstly, we thank the authors for believing in the book proposal and submitting their work, and for their time and interest in revising their chapters in order to accommodate all the suggestions and demands of the editorial advisory board.

Then, we would like to express our sincere thanks to the members of the editorial advisory board, for their cooperation in the reviewing process, offering their time and labor for reading the chapters carefully. We appreciate their efforts, suggestions and fast feedbacks very much, which guaranteed the quality of this publication.

Our very special thanks goes to Prof. Dr. Rosaria Conte, who wrote the foreword, and contributed to increase the book quality, with her expertise in the area.

Finally, we would like to thank IGI Global for all the help in the editing process, and to our institutions, for the continuous support during the organization of this book. So, many thanks to Centro de Ciencias Computacionais of Universidade Federal do Rio Grande (Brazil) and Faculdade de Ciencias of Universidade de Lisboa (Portugal).

This book was made possible by the financial support of the Brazilian funding agency CNPq, under the Process numbers 476234/2011-5, 560118/2010-4, 305131/2010-9, 481283/2013-7, 240181/2012-3.
