Preface .................................................................................................................................................. liii

Acknowledgment ................................................................................................................................. lix

Volume I

Chapter 1
How Do You Know If It Is Any Good? The Development and Application of an Evaluative Framework to Assess Contemporary Children’s Books .......................................................... 1

   Kerry Lee, University of Auckland, New Zealand
   Pamela Perger, University of Auckland, New Zealand
   Monique Dunn, University of Auckland, New Zealand
   Jess O’Sullivan, University of Auckland, New Zealand

Chapter 2
Massive Open Online Courses: An Educational Revolution ............................................................ 16

   Albert C. Jurenas, Florida Atlantic University, USA

Chapter 3
High Tech, High Touch, High Context: Social Dimensions of Learning in Online, Hybrid, and Learning Pod Environments ........................................................................................................ 30

   Matthew Eichler, Texas State University San Marcos, USA
   Carrie J. Boden-McGill, Texas State University San Marcos, USA
   Tennille Lasker-Scott, University of Georgia, USA

Chapter 4
Technology and Design for Inclusion: The Impact of Universal Design ........................................ 49

   Mary Lou Duffy, Florida Atlantic University, USA
   Valerie C. Bryan, Florida Atlantic University, USA

Chapter 5
The Role of Computerized Personality Assessments in Students with Disabilities’ School-to-Work Transition ........................................................................................................................................ 67

   Mia R. Heikkila, Florida International University, USA
   Thomas G. Reio, Jr., Florida International University, USA
Chapter 6
Is This Your Best Work? Complications and Limitations of Online Instruction for High Quality Student Engagement ........................................................................................................... 82
  Cynthia J. Benton, SUNY Cortland, USA

Chapter 7
Creating Collaboration in Global Online Learning: Case Studies ................................................................. 92
  Patricia Cranton, University of New Brunswick, Canada
  Patricia Thompson, Penn State University, USA

Chapter 8
Technology: Impact on the Practice of Storytelling ..................................................................................... 104
  Linda Ellington, Palm Beach Atlantic University, USA

Chapter 9
Citizen Education and Technology ............................................................................................................ 116
  Lesley Farmer, California State University – Long Beach, USA

Chapter 10
Building on Trust in a Complex World: Educational Research and Technology ........................................ 128
  John A. Henschke, Lindenwood University, USA

Chapter 11
Incorporating a New Technology for Patient Education ........................................................................... 139
  Eric T. Wanner, Florida Atlantic University, USA
  Jennifer Lynne Bird, Florida Atlantic University, USA

Chapter 12
Strategies for Online Course Development to Promote Student Success .................................................. 152
  Kaye Shelton, Lamar University, USA
  Diane Mason, Lamar University, USA
  Cindy Cummings, Lamar University, USA

Chapter 13
Comparing Learning Organizations with Static Organizations ...................................................................... 165
  Victor C. X. Wang, Florida Atlantic University, USA
  Bernice Bain, Southern New Hampshire University, USA

Chapter 14
Innovative Technologies in Library Science .................................................................................................. 178
  Lesley Farmer, California State University – Long Beach, USA
Chapter 15
Defining Quality Standards, Guidelines, and Strategies for the Delivery of Successful Online Education in a Changing Society ........................................................................................................ 190
Leane Skinner, Auburn University, USA
Maria Martinez Witte, Auburn University, USA
Elisha Wohleb, Auburn University, USA

Chapter 16
Information Technologies for Adolescents ........................................................................................................ 202
Lesley Farmer, California State University – Long Beach, USA

Chapter 17
Social Media and Use of Technology in Higher Education ........................................................................... 217
Alex Kumi-Yeboah, University at Albany - SUNY, USA
Herbert Blankson, Dalton State College, USA

Chapter 18
The Impact of Technology on PK-12 Teacher Preparation Programs .................................................. 235
Amy L. Sedivy-Benton, University of Arkansas at Little Rock, USA
Katina M. Leland, University of Arkansas at Little Rock, USA

Chapter 19
K. Patricia Cross’s Chain-of-Response (COR) Model for Widening Participation at Higher Levels of Lifelong Learning in a World of Massification: Past, Present, and Future ................................................. 246
Jo Ann M. Bamdas, Florida Atlantic University, USA

Chapter 20
Economic Impact of Information and Communication Technology in Higher Education .......................... 262
Carol A. Brown, East Carolina University, USA

Chapter 21
Can Technologies Advance the Integration of Restorative Pedagogy into Teacher Education Curricula? .......................................................................................................................... 275
Martha A. Brown, Florida Atlantic University, USA

Chapter 22
Design and Evaluation of Mobile Learning from the Perspective of Cognitive Load Management .................................................. 291
Wenhao David Huang, University of Illinois at Urbana-Champaign, USA
Jeanette Andrade, University of Illinois at Urbana-Champaign, USA

Chapter 23
Literacy and Technology ..................................................................................................................................... 307
Lesley Farmer, California State University, Long Beach, USA
Chapter 24
Pedagogy vs Andragogy Organizations ................................................................. 318
Victor C. X. Wang, Florida Atlantic University, USA
Susan K. Dennett, Northwood University, USA

Chapter 25
Building Education and Technology Competencies for a Changing Society .................. 331
Maria Martinez Witte, Auburn University, USA
Elisha Wohleb, Auburn University, USA
Leane Skinner, Auburn University, USA

Chapter 26
Spontaneity: The Secret Ingredient of Learning ....................................................... 342
Francisco Cua, Academy of Unit Standards (Hong Kong) Limited, Hong Kong
Sarah Stein, University of Otago, New Zealand
Alevir Perez-Pido, South Philippine Adventist College, Philippines

Chapter 27
Social Simulation and its Process in Learning............................................................ 355
Bo Chang, Ball State University, USA

Chapter 28
Empirical Study Using Alternative Early Warning Systems to Address Fire in the Homes of Deaf or Hard-of-Hearing Individuals ................................................................. 367
Valerie C. Bryan, Florida Atlantic University, USA
Gerri Penney, Palm Beach County Fire Rescue, USA
Lisa Andrews, Delray Medical Center, USA
Marianne Robin Russo, Florida Atlantic University, USA

Chapter 29
Digital Recording Platforms and Integrated Performance Assessments in Second/Foreign Language Learning ................................................................................................. 380
Pete Swanson, Georgia State University, USA

Chapter 30
Self-Directed Learning in Organizations and Institutes of Higher Learning: Implications on Technology, Practice, and Organizational Culture......................................................... 395
Ramona T. Sharpe, Teachers College, Columbia University, USA
Tamara L. Kelley, Teachers College, Columbia University, USA

Chapter 31
Aligning Educational Outcomes to Boost Employment and Workforce Employability ................. 407
Teresa Torres-Coronas, Universitat Rovira i Virgili, Spain
Maria-Arántzazu Vidal-Blasco, Universitat Rovira i Virgili, Spain
Maria-José Simón-Olmos, Universitat Rovira i Virgili, Spain
Chapter 32
What College Students Gained Serving on Hiring Committees for Student Job Openings: From Initial Survey to Post-Graduation Transfer of Learning ................................................................. 418
Christina Van Wingerden, Western Washington University, USA

Chapter 33
Involving Employers in Training Low-Skilled Workers for Technology Jobs: A Chicken-and-Egg Problem .................................................................................................................. 441
Carsten Schmidtke, University of Arkansas – Fayetteville, USA

Chapter 34
Basiyr D. Rodney, Webster University, USA
David Devraj Kumar, Florida Atlantic University, USA
Andrew Binder, Florida Atlantic University, USA

Chapter 35
Self-Directed Learning Facilitation among At-Risk Adult High School Learners: Is Technology the Key? .................................................................................................................. 470
Jason J. Almodóvar, Florida International University, USA

Chapter 36
Second Life: Simplifying and Enhancing the Processes of Teaching and Learning ................................................. 483
Maureen Ellis, East Carolina University, USA
Patricia J. Anderson, East Carolina University, USA
Sharon Kibbe, East Carolina University, USA

Chapter 37
Leadership in the Third Wave ...................................................................................................................................... 504
Victor C. X. Wang, Florida Atlantic University, USA
Susan K. Dennett, Northwood University, USA

Chapter 38
Teacher Technology Leadership ...................................................................................................................................... 518
Marcus Paul Howell, Auburn University, USA
Ellen H. Reames, Auburn University, USA

Chapter 39
Addressing Work Ethic in the New Century .................................................................................................................. 528
Victor C. X. Wang, Florida Atlantic University, USA
Susan K. Dennett, Northwood University, USA

Chapter 40
One Size Does Not Fit All: Learning to Tailor Instruction to the Needs of Asian EFL Students .......... 539
Andrew Schenck, Pai Chai University, South Korea
Chapter 41
Tapping Social Capital through E-Mentoring: An Alternative Approach to Women’s Career Development

Jia Wang, Texas A&M University, USA
Melika Shirmohammadi, Texas A&M University, USA

Chapter 42
Open Source Software to Enhance the STEM Learning Environment

Maurice Dawson, University of Missouri-St. Louis, USA
Imad Al Saeed, Colorado Technical University, USA
Jorja Wright, Florida Institute of Technology, USA
Festus Onyegbula, University of Maryland University College, USA

Chapter 43
What is Your Teaching Style?

Victor C. X. Wang, Florida Atlantic University, USA
Susan K. Dennett, Northwood University, USA

Chapter 44
Developing a Cross-Disciplinary Framework for Collaborative Research in Multi- and Intercultural Education

Patrick Dillon, University of Eastern Finland, Finland
Stina Hacklin, University of Eastern Finland, Finland
Ritva Kantelinen, University of Eastern Finland, Finland
Sirpa Kokko, University of Helsinki, Finland
Tarja Kröger, University of Eastern Finland, Finland
Raisa Simola, University of Eastern Finland, Finland
Teemu Valtonen, University of Eastern Finland, Finland
Mikko Vesisenaho, University of Jyväskylä, Finland

Volume II

Chapter 45
Adult Learning in a Digital Age: Effective Use of Technologies for Adult Learners

Krista Steinke, Florida Atlantic University, USA
Valerie C. Bryan, Florida Atlantic University, USA

Chapter 46
Soft and Hard Technologies in Technology Education

Kin Wai Michael Siu, The Hong Kong Polytechnic University, Hong Kong & Massachusetts Institute of Technology, USA
Yi Lin Wong, The Hong Kong Polytechnic University, Hong Kong

Chapter 47
Authentic Education: Affording, Engaging, and Reflecting

Francisco Cua, Academy of Unit Standards (Hong Kong) Limited, Hong Kong
Chapter 48
Leading and Learning in the Digital Age: Framing and Understanding School Leader Challenges. 651
Patricia Maslin-Ostrowski, Florida Atlantic University, USA
Eleanor Drago-Severson, Teachers College, Columbia University, USA

Chapter 49
Examining the Benefits of Integrating Social Media into the Classroom. 665
Elisha Wohleb, Auburn University, USA
Leane Skinner, Auburn University, USA
Maria Martinez Witte, Auburn University, USA

Chapter 50
Using Technologies to Integrate Vocational Learning in Multiple Contexts. 675
Alberto Cattaneo, Swiss Federal Institute for Vocational Education and Training, Switzerland
Carmela Aprea, Swiss Federal Institute for Vocational Education and Training, Switzerland

Chapter 51
Library Science and Technology in a Changing World. 691
Lesley Farmer, California State University – Long Beach, USA

Chapter 52
Women and STEM. 703
Marianne Robin Russo, Florida Atlantic University, USA
Kristin Brittain, Florida Atlantic University, USA

Chapter 53
Online Well-Being Focused Curriculums: A New Approach to Teaching and Learning for K-20 Health Education. 714
Michelle Lee D’Abundo, Seton Hall University, USA
Stephen L. Firsing III, Coastal Carolina University, USA
Cara Lynn Sidman, University of North Carolina – Wilmington, USA

Chapter 54
Students’ Attitudes towards the Use of Technology in Hong Kong. 729
Helen W. M. Yeh, The Hong Kong Polytechnic University (CPCE), Hong Kong

Chapter 55
Personalised E-Learning: The Assessment of Students’ Prior Knowledge in Higher Education. 744
Eileen O’Donnell, Trinity College Dublin, Ireland
Mary Sharp, Trinity College Dublin, Ireland
Vincent Wade, Trinity College Dublin, Ireland
Liam O’Donnell, Dublin Institute of Technology, Ireland
Chapter 56
Learning Management Systems in a Changing Environment
David E. Stone, Southern Polytechnic State University, USA
Guangzhi Zheng, Southern Polytechnic State University, USA

Chapter 57
Cyclonic Transactions as Cultural Ecological Mechanisms for Investigating Change and
Facilitating Action Research in Education
Andrew Creed, Deakin University, Australia
Patrick Dillon, University of Exeter, UK

Chapter 58
Enhancing Health Education with Collaborative Narratives
Jennifer Lynne Bird, Florida Atlantic University, USA
Eric T. Wanner, Florida Atlantic University, USA

Chapter 59
Pedagogy and the New Literacies in Higher Education
Carol A. Brown, East Carolina University, USA

Chapter 60
Factors Shaping Academics’ Use of Technology in Teaching: A Proposed Model
Geraldine Torrisi-Steele, Griffith University, Australia

Chapter 61
Layering Learning – Geographic Information Systems (GIS): Advancing Educational Methods in
the Digital Age
Donna Goldstein, Palm Beach County School District, USA
Valerie C. Bryan, Florida Atlantic University, USA

Chapter 62
Ethical and Practical Issues Surrounding Access to ICT Education by Elderly Persons
Kevin Thornton, National University of Ireland, Galway, Ireland
Michael Lang, National University of Ireland, Galway, Ireland

Chapter 63
An Examination of Educators’ and Learners’ Experiences with Technology from Both Sides of
the Learning Landscape: An Autoethnographic Exploration
Rehana Seepersad, Florida International University, USA
Iris McKenzie Jackson, Florida International University, USA
Brett Jolyon Kendon, Florida International University, USA
Jennifer Kross, Florida International University, USA

Chapter 64
A Novel Strategy to Improve STEM Education: The E-Science Approach
Samar I. Swaid, Philander Smith College, USA
Chapter 65
Expectations, Dispositions, and Experiences of International Graduate Students ........................................872
   Alton Y. K. Chua, Nanyang Technological University, Singapore

Chapter 66
Women to the Rescue in Cyber Space ........................................................................................................883
   Kristin Brittain, Florida Atlantic University, USA
   Marianne Robin Russo, Florida Atlantic University, USA

Chapter 67
Transdisciplinary Methodology of an Architectural and Urban Discourse in Higher Education........895
   Svetlana Perović, University of Montenegro, Montenegro

Chapter 68
Social Media’s Potential to Facilitate Dialogic Learning .........................................................................909
   Jin Yang, University of Memphis, USA

Chapter 69
Computational Thinking and Mathematics: Possible Relationships Revealed by an Analysis of
National Curriculum Guidelines.................................................................................................................922
   Thiago Schumacher Barcelos, Instituto Federal de Educação, Ciência e Tecnologia de São
   Paulo, Brazil & Universidade Cruzeiro do Sul, Brazil
   Ismar Frango Silveira, Universidade Cruzeiro do Sul, Brazil & Universidade Presbiteriana
   Mackenzie, Brazil

Chapter 70
E-Mentoring: Mentoring at a Distance ........................................................................................................935
   David Starr-Glass, University of New York in Prague, Czech Republic

Chapter 71
Needs Satisfaction of Stakeholders and Socio-Economic Factors as Indicators of Curriculum
Reforms in Technical Vocational Education and Training in Nigeria .......................................................953
   Egbita Ugbalu Attaochu, Nigerian Educational Research and Development Council
   (NERDC), Nigeria

Chapter 72
Informational Text and the Common Core .................................................................................................962
   Debra Rosenblum, Henderson University School, USA & Florida Atlantic University High
   School, USA

Chapter 73
A Sentence Repetition Placement Test for ESL/EFL Learners in Japan .................................................971
   F. Sigmund Topor, Keio University, Japan

Chapter 74
Empowering African American Adolescent Males through Engaging Literacy Tasks..........................989
   Lisa Butler Green, DeKalb County School District, USA
Chapter 75
Multiliteracies Pedagogy .................................................................................................................. 1005
Ramonia R. Rochester, Florida Atlantic University, USA

Chapter 76
Cultures and Self-Directed Learning .................................................................................................. 1014
Victor C. X. Wang, Florida Atlantic University, USA
Patricia Cranton, University of New Brunswick, Canada

Chapter 77
Creating a Sustainable Program for Ethics in Student Affairs: A Look at Climate, Assessment,
and Curriculum ................................................................................................................................. 1024
Christina Van Wingerden, Western Washington University, USA
Maureen Ellis, East Carolina University, USA
Theodore W. Pratt Jr., Western Washington University, USA

Chapter 78
Educational Innovations in Nigeria: Planning, Reasons for Failure, and Prospects ......................... 1049
Oyewusi Lawunmi Molara, Obafemi Awolowo University, Nigeria
Egbedokun Adeola Oyebisi, Obafemi Awolowo University, Nigeria
Oyeniran Folasade Mardiyya, Obafemi Awolowo University, Nigeria

Chapter 79
Theory and Application: Construction of Multimodal eLearning .................................................. 1068
Ann Musgrove, Florida Atlantic University, USA
Valerie C. Bryan, Florida Atlantic University, USA

Chapter 80
The Readiness, Challenges, and Expected Support for Chinese Students’ Overseas Study: A
Focus on Business and Management Programmes ............................................................................. 1084
Chengbo Wang, Edge Hill University, UK
Xiaomei Li, Tianjin University, China
Zhaofang Mao, Tianjin University, China

Chapter 81
East Meets West: A Comparison of Religion, Women, and Technology ........................................ 1093
Marianne Robin Russo, Florida Atlantic University, USA

Chapter 82
When Our Changing Society Meets the Social Media Era .............................................................. 1102
Efi A. Nisiforou, Cyprus University of Technology, Cyprus
Andrew Laghos, Cyprus University of Technology, Cyprus

Chapter 83
Research-Based Climate Change Public Education Programs ......................................................... 1113
Mary Beth Hartman, Florida Atlantic University, USA
Chapter 84
A Study of Problems Faced by Diploma of Associate Engineering Graduates on the Job in Pakistan

Muhammad Mashooq, Islamic University of Technology, Bangladesh
Khushi Muhammad, Islamic University of Technology, Bangladesh

1124

Chapter 85
Academics’ Perceptions of Using Technology with Face-to-Face Teaching

Geraldine Torrisi-Steele, Griffith University, Australia

1135

Chapter 86
The Boshier’s Education Participation Scale Factors Reflected in History: Adult Motivations to Learn in the 19th American Chautauquan Movement compared to those of the 21st Century
Boshier Education Participation Scale

Dennis Keefe, Nan Jing University, China

1151

Chapter 87
Questioning: Transitioning to Learner-Centred Questions

Wilson Ozuem, University of Gloucestershire, UK

1161

Chapter 88
A Comparative Analysis of Single-Sex Education in the United Kingdom and Australia

Ramonia R. Rochester, Florida Atlantic University, USA

1180

Chapter 89
Exploring Assessment of Critical Thinking Learning Outcomes in Online Higher Education

Bernice Bain, Southern New Hampshire University, USA

1191

Chapter 90
The Empowerment of Japanese Women: What Will the Social Impact Be?

F. Sigmund Topor, Keio University, Japan

1203
