D

design activities 84
design for interactivity 106
designing and evaluating e-learning environments 134
designing hypermedia instruction 165
digital divide 35
direct learner attention techniques 178
discussion 100
disorientation 163
distributed learning 135
distributed problem-based learning 146
drill-and-practice type 22

E

e-learning 11, 134
e-mail 123
educational technologies 114
elaboration theory 165
engaged learning theory 32
engaged-learning environment 20
environmental 192
eTIPS 56
evaluation 105, 109, 186
evaluation strategies 150, 186
events of instruction 28
evolution 221
experiences 186

F

faculty mentor program 249
faculty study group 249
familiarization 3, 221
feedback 106
flexibility 134
formative evaluation 5, 151
future trends 41

G

goal-based learning 136
grant opportunities 40
graph 94
guidelines 161

H

high level design 105
Higher Education Cooperation Act 20
holistic approach 114
human information processing model 26
hypermedia 161
hypermedia engineering 179

I

implementation 56, 108
individualizing instruction 59
industry 184
information analysis 169
information and communications technology 137
information processing psychology 25
information types 168
inquiry 73, 74
instruction 161
instructional analysis 102
instructional design 1, 100
