Symbols

1:1 computing, concept of 85
1:1 computing, research methods 88
1:1 computing and teacher transformation 82
1:1 computing classrooms, definition 100
3-D animations 67
3-D technologies 68

A

accessibility, definition 397
action learning 328, 338
activity, definition 129
ADDIE model 40
additive bilingualism, definition 280
additive multilingualism, definition 280
adult learners, definition 229
affordance, definition 496
aggregator, definition 175
animated illustrations 106
animations in science education 67
application sharing, definition 115
argumentative digital stories, definition 144
artefacts, appropriation of 123
artifacts, definition 129
arts-based educational research, definition 25
asynchronous communication, definition 244
asynchronous computer conferencing (ACC) 433
authentic e-learning 176
authenticity, definition 36
authentic learning 177, 189
avatar, definition 158

B

background study 43, 54
balanced scorecard (BSC) 425
behavioristic approach, definition 36
behavioristic CALL 29
Blackboard, definition 338
blended learning, definition 338
blended supports 328
blogs, definition 175
borderer activity, definition 129

C

CALL, definition 302
categorization, definition 496
client, definition 13
collaborative environment 180
collaborative inquiry, definition 244
collaborative inquiry-based learning 236
collaborative learning, definition 130
collaborative Web-based research tool 56
combustion 72
commercial VLE, definition 339
commercial VLES 322
communicative approach, definition 36
communicative CALL 29
community, definition 512
community facilitator (CFac) server 419
community of practice (CoP), definition 430
community of practice, definition 190
community performance management 424
community polices 419
community trust 420
competence, definition 259
component-based courseware development 42
computer-assisted language learning 29
computer-assisted language learning (CALL) 27
computer-based learning environment 68
computer-mediated discourse (CMD) 398
computer animation, definition 81
computer animations in education 68
computerized course curriculum 106
computerized test, definition 115
computerized tests 110
computer mediated discourse, self-construction in 398
computer supported collaborative learning (CSCL) 71, 81
computer uses in education, definition 512
conceptualization, definition 81
constructive systems 379
content analysis, definition 210
content design 43, 54
content management system (CMS), definition 130
context, definition 410
control group, definition 13
conversational analysis 197
conversational analysis, definition 210
Copyleft, definition 130
credentials, definition 430
critical friends, definition 351
critical reflection, definition 100
cyberethics, definition 472
cybernetics 370

data analysis 404
data collection 479
descriptive digital stories, definition 144
design, definition 364
designed information 357
designs for learning 356
designs for learning, definition 364
dialogism, definition 386
digital competence 498
digital competence, definition 259, 512
digital divide, definition 472
digital epistemologies 261
digital identity, definition 455
digital information technologies (DIT) 321
digital information technology, ethical issues in 447
digital language lab 32
digital literacy 248, 267
digital media 135
digital predation 449
digital predator, definition 455
digital privacy 450
digital stories, kinds of 138
digital story, definition 145
digital storytelling 131
digital storytelling, San Francisco tradition 137
digital students, definition 158
digital technologies 342
digital technologies, future 349
dilemma, definition 496
discourse analysis, definition 210, 410
discourse and text, definition 410
discursive positioning 400
discursive positioning, definition 410
disorienting dilemma, definition 100
distance education, definition 115
distance learning, definition 244, 472
distance learning, mediation in 463
distance learning environments 457
dramatic digital stories, definition 145
dynamic-dialogical systems 375

E

e-focus groups 344
e-learning 231, 434
e-learning, definition 472
e-learning, division of roles in 232
e-learning, global perspectives 502
e-learning, making accessible 289
e-learning, making comprehensible 289
e-learning, making readable 289
e-learning pedagogy 230
e-learning platforms 457
E-OLC 505
e-research 341
e-research, definition 351
e-society, definition 472
e-teaching 433
education, definition 513
education, ICT and communities 504
education, learning community 505
education, requirements in 390
educational gaming 148
educational leadership 348
educational online learning communities (E-OLC) 505
educational research 14
educational research, multimedia performance 14
educational semantic Web, definition 364
education research, definition 351
effective pedagogical dimensions, definition 229
electronic focus groups 340
electronic focus groups, definition 351
electronic focus groups for research 345
emancipatory research, definition 351
ethics, definition 472, 525
evaluation, definition 525
evidence-based policy formulation, definition 526
**Index**

F
- face-to-face (F2F) delivery 433
- face-to-face focus groups 204, 210
- folksonomy, definition 175
- formal learning 161, 305
- formal learning, definition 318
- formal learning technologies 162
- frame, definition 472
- frame of reference, definition 100
- functionalist approaches, definition 410
- future community, building of 503

G
- game content 150
- global coherence, definition 411
- global e-learning 503
- globalization, definition 513
- global socio-economic challenges 303
- glocalization, definition 280
- glossing, definition 302
- graphical user interface (GUI) 4
- graphical user interface, definition 13
- GUI for 3-input 1-output system 5

H
- health education, definition 210
- health risk assessment course 312
- high-frequency word study 292
- human-computer interaction, definition 397
- Human Research Ethic Councils (HRECs) 58
- hybrid model of resource provision, definition 339
- hypermediacy, definition 36

I
- ICT, definition 259
- ICT, ethical perspective on 498
- ICT and communities in education 504
- ICT in education, transformations 501
- ICT in learning, definition 446
- ICT normative issues, definition 446
- ICT on power in relationships, definition 446
- identity, corporate issues 449
- identity theft 451
- in-house model of resource provision, definition 339
- individual inhibitors 165
- informal learning 162, 305, 319, 393, 397
- informal learning, inhibitors to 165
- informal learning in organisations 161
- informal learning technologies 162
- information seeking 249
- information and communications technology (ICT) 27, 345, 475
- information literacy 248, 259, 281, 302, 496
- information literacy, foundation of 249
- information retrieval, mediation and 465
- information seeking, definition 259
- information structure as a dilemma 488
- information structure as an ethical dilemma 489
- information technology (IT) 66, 56, 350
- information technology, quest for literacy 477
- informed consent 518
- informed consent, definition 351
- input/output card, definition 13
- instructional engineering, definition 190
- integrative approach, definition 36
- integrative CALL 29
- intellectual property, definition 455
- inter-personal trust, definition 430
- interactive, definition 81
- interactive-relational systems 372
- interactive tutorial, definition 115
- interbeing, definition 386
- interculturality through transmission 118
- interfacing, definition 13
- International Program of Psycho-Social Health Research (IPP-SHR) 56
- Internet-based education 2
- Internet-based education, limitations of 2
- Internet-based laboratory, definition 13
- Internet-based laboratory, modular design of 1
- Internet-based laboratory facility 2, 3, 4
- Internet-based laboratory protocol 6
- Internet-based laboratory systems 10
- Internet delivery 6
- Internet identity 448
- Internet relay chat (IRC) 457
- interpretive interface, definition 411
- intersubjectivity, definition 130
- intertextual, definition 25
- intertextual multimedia (re)presentational form, unbounded 19
- IPP-SHR, background 57
- IPP-SHR, challenges 57
- IPP-SHR, design 59
- IPP-SHR, implementation 59
- IPP-SHR, program specifications 60
- IPP-SHR, workflow analysis 60
K
knowledge contents, definition 260
knowledge worker, definition 319

L
laboratory course, delivery of 6
LabVIEW 4
language lab, geneology of 31
language laboratory 29
language laboratory, transformations of 27
language teaching, immediacy of 30
language teaching, remediation 30
learner-centered approach, definition 245
learners’ ownership 235
learning, definition 513
learning, transformations 500
learning-by-design workshop 48
learning as intersubjective agreement 121
learning assignment/task, definition 260
learning blends, different 320
learning community, definition 245
learning community in education 505
learning design sequences 357
learning design sequences, definition 365
learning environment 179
learning management system 103, 228
learning network workshop 49
learning network workshop, results of 51
learning objects 354, 386
learning outcomes, definition 260
learning resource issues 322
learning resources, developing 322
learning style, definition 115
learning with social software 160
literacies, definition 280
literacy 265, 477
literacy discourse 488
Liverpool Business School (LBS) 324
local communities 117
local communities for intercultural education 119

M
macro-analyses, definition 411
meaning perspective, definition 100
meaning scheme, definition 100
mediation 386, 458
mediation, definition 386, 473
mediation, ethics of 462
mediation, philosophy of 460
mediation and information retrieval 465
mediation in distance learning 463
member server 419
metacognition, definition 190
micro-analysis, definition 411
microculture, definition 130
microcultures 117
misconception, definition 81
misinformation, definition 455
mobile-assisted language learning (MALL) 27
mobile devices, human factors 387
mobile devices, innovation with 387
mobile devices, usability 388
mobile language lab 33
mobile learning 514
mobile learning, background 515
mobile learning, definition 397, 526
mobile learning, ethical dimension 517
mobile learning, evaluation of 516
mobility 392
modular-based system, definition 13
modular design of an Internet-based laboratory 1
modular Internet-based laboratory 1
monovocal, definition 25
mouldering 72
multi-user dungeon (MUD) games 148
multi-user virtual environments (MUVEs) 146
multi-user virtual learning environments 146
multiliteracies 261
multiliteracies, definition 280
multimedia, definition 25
multimedia performance 14
multimedia performance in educational research 14
multiple language learning 271
multivocal, definition 25
musical piracy, definition 455

N
narrative 132
narrative as art, definition 145
narrative as communication, definition 145
narrative as process, definition 145
narrative in digital media 135
natural-typological systems 372
net-based education 505
netiquette 522
network construction 124
non-financial metrics, definition 430
nonformal learning 162
positioning resources, definition 411
privacy 447
privacy in online environments, definition 446
probeware 68
problem-based learning 328
problem-based learning, definition 339
productive ambiguity, definition 25
project management software, definition 497
psycho-social research, definition 66
public key infrastructure (PKI) environment 420

Q
qualitative research 14
qualitative research, definition 66
questions of responsibility, definition 446

R
readability, definition 302
readability assessment Programs 295
readability assessment programs 295
readability issues 286
readability studies 287
reading skills 283
realization and assessment 43
realization and assessment, definition 55
redidacitization, definition 36
redundant processes, definition 66
reflection, definition 245
reflection, study of 238
reflective e-learning pedagogy 230
remediation, definition 36
remote laboratories, future of 10
representation, definition 365
reputation, definition 430
ripping, definition 456
River City, definition 158
River City MUVE 152
role-based access control (RBAC) 420
RSS, definition 175

S
scams 452
scanning electron microscopy (SEM) 2
school pedagogy 353
science course, traditional approach 102
science course, Web-enhanced approach 102
science education 67
science education, animations in 67
secondary orality 267
secondary orality, definition 280
security  447
seeking, definition 25
self-construction 398
self-construction, analysis of 403
self-construction, definition 411
self-directed learning communities 63
sense of empathy, definition 26
server side technology, definition 66
service-oriented architecture (SOA) 414
service oriented architecture (SOA), definition 430
simulation, definition 81
simulation games, definition 158
simulations 106
situated learning 190
social bookmarking, definition 175
social collective accomplishment 477
social cybernetics, definition 386
social interaction 359
social learning environment 501
social services, mediation and 467
social software, definition 175
social software in organisational learning 163
social systems, communication 367
social systems, relation building 367
social systems, summarizing 371
social systems theory 368
socio-technical dilemma 474, 490
socio-technical dilemma, unstructured information 474
socio-technical perspective, definition 497
socio-technical practise 478
socioconstructivist learning theory, definition 190
soft system, definition 386
software-based content analysis 196
software-based quantitative discourse analysis 197
software engineering approach 42
source criticism, definition 497
structural-transitional systems 373
structure 477
structuring and the literacy discourse 488
structuring as a socio-technical practise 478
structuring of information 478
student learning approaches 328
student needs 235
students as partners 236
Sure Start data 17
Sure Start data, its (re)presentation 17
synchronous, definition 351
systems thinking, definition 386
system trust, definition 430

T
teacher transformation 82
teaching sequences 357
technical and further education (TAFE) 214
technical design 43
technical design, definition 55
technical support 235
technology-enhanced learning, corporate context 303
technology affordances 308
technology mediated course, definition 245
technology uses in education, definition 245
test group, definition 13
text accessibility 288
text assessment 288
theory of technique 191
theory of technique, definition 211
threaded discussions 109
topic-case, definition 55
topic-case diagram, definition 55
topic-case driven development 43
topic-case driven methodology, definition 55
topic-case driven methodology for Web course designs 37
traditional (re)presentational form, bounded 18
traditional focus groups 343
traditional laboratory classes 1
traditional laboratory facility 1
training and development program 215
training and development program, definition 228
transformation and formation of knowledge, definition 365
transformations of the language laboratory 27
transformative learning 83
transformative learning, definition 101
transformative learning elements 84
transliteracies, definition 280
trust, concept of 415
trust and security 416
trust and security management 416
trust and security model 420
trust enabling functions, design of 412
trust enabling functions, implementation of 412
TTS, definition 302

U
unified process (UP) 39
unit of study, definition 229
unstructured information 474
unstructured information, learning and 487
unstructured information, structure of 476
unstructured information as a socio-technical dilemma 490
usability, definition 397
use-case model 40
user control, definition 365

V
value-focused systems 377
virtual, definition 473
virtual artefacts, model of 124
virtual community, design of 126
virtual conferences 457
virtual CoP 414
virtual environments, philosophy of 460
virtual forum, definition 190
virtual instrument (VI) 4
virtual lab, definition 115
virtual language lab 32
virtual learning environment (VLE) 339, 431
virtual learning environments 68, 320
virtual networks 117
virtual reality, definition 473
virtual scientific conference 176
virtual space, learning 353
virtual space, learning design sequences 360
virtual space, meaning-making 353
virtual world, definition 158
visualization, definition 81
VLE, definition 526
vocabulary skills 283
Vodcast, definition 175
VSC, technological aspects of 183
VSC learning scenario 178

W
Web-based assessment, definition 116
Web-based collaboration 413
Web-based mediation, philosophy of 457
Web-based research tool 56
Web 2.0, definition 175
Web 2.0 technologies, definition 352
Web course, definition 55
Web course design, definition 55
Web course design by graduate students 47
Web course designs, topic-case driven methodology 37
Web course development process 41
Weblogs, definition 175
Web publication, definition 13
Web reading needs 286
Web server, definition 13
Web spoofing 452
Wiki, definition 130, 175
work-based activities 306
work-based activities, definition 319
work-based activities, examples of 308
work-based activities, types of 309
work-based learning 309
work-based learning, definition 319
