3D online virtual worlds 89

A

department, definition 205
advancement learning design, definition 432
agency 103
agency, definition 118
agency, emergence of 105
aggregated information 69
ambient pedagogies 415
ambient pedagogy, definition 432
anonymity 33
anonymity, definition 39
answering multidimensional information needs (AMIN) 75
approachability 36
architecture of participation, definition 354
artifacts of digital performance, definition 100
asynchronous, definition 205
asynchronous communication 222
authentication 36
authenticity 200
authentic learning, definition 253
authentic learning, principles for 245
authentic learning, theoretical framework 242
authentic learning experiences 243
authority 201
autonomous bloggers 232
avatar, definition 205
awareness 36

B

Bebo 93
BEST, blogging component of 245
BEST site 244
BEST Website 243
blog, definition 50, 237, 253
blogging, definition 50, 237
blogging, fulfilling course requirements 231
blogging, understanding the nature of 233
blogging activities, autonomous bloggers 232
blogging activities, course-directed 229
blogging activities, framework to guide 234
blogging for professional identity 239
blogosphere, definition 50
blog post, definition 237
blogroll, definition 50, 413
Blogrolls 42
blogs 52
blogs, definition 220
blogs, examining the affordances of 248
blogs, exploring the genre 246
blogs, research findings 246
blogs and environment 247
blogs as a social networking 238
boundaries, definition 220
boundary crossing, definition 220
brokering, definition 220
buddy list, definition 510

C

capability building 47
CityFlocks 61
CityFlocks prototype 59
clinical practice, uncertainty in 72
clues-filtered-out 1
CMS, definition 173
collaborative learning 69, 272, 325
collaborative learning, definition 492
collaborative learning environment 72, 75
collaborative tagging 120
collaborative tagging system 128
collaborative tagging systems, definition 131
collaborative tagging systems, exploiting 119
collaborative tagging systems, semantic differential in 126
collaborative tag suggestion 123
collective, definition 17
collective identification 91
collective identity, definition 101
collective intelligence, definition 354
collective knowledge 374
collectives 9
collective strategies 12
combinatorial strategies 13
comments, definition 413
communities of practice 111, 112
communities of practice (CoP) 273
communities of practice, definition 118, 220
community 29
community, definition 267
community-based primary care 75
community development 263
community development, definition 144
community growth 93
community medical ontology 82
community of practice (CoP) 263
Compendium 363
competencies research 176
competency, definition 189
computer-mediated communication (CMC), definition 206
computer human interaction (CHI) 71
computer mediated communication 1
computer mediated communications (CMC) 92
computer supported collaborative learning (CSCL) 110
computer supported social networks (CSSN) 241
connectedness, definition 314
connectivism, definition 354
Connexions, definition 144
constructivist learning, definition 334
consumer driven healthcare 69
context, importance of 324
control, definition 447
core competences, definition 297
course-directed blogging activities 222
creativity, definition 314
critical reflection 262
cross-cultural competence 178
cross-institutional innovation 169
cultural awareness expertise 180
cultural tools, definition 118
cyber-identities 27
cyber-identity, transforming identity to 31
cyberplace 35
cyberspace 35
cyberspace, religion in 193
cyberspace, social life in 27
cyberspace and virtual communities 27

d
Darwikianism, definition 492
data visualization 95
de-specialization 74
depersonalization 92
depersonalization, definition 101
dialectic, definition 432
dialogic, definition 432
digital, definition 190
digital age, identifying new virtual competencies 174
digital competencies, in digital era 181
digital dialogue games for learning, definition 432
digital era, transferable skills in 181
digital identity 405
digital literacy, definition 314
digital literacy, education and training 183
disease 68
disruptive innovation 75
distance education, definition 237
distributed intelligence, definition 131
distributed learning environments 145
distributed learning environments, design of 149
distributed learning environments and social software 145
Drupal, definition 173
dynamic capabilities, definition 297
dynamic complex systems 106

E

e-awareness, definition 413
e-learning, definition 17
e-portfolio, definition 354
e-spaces 32
ECHO (Extension for Community Healthcare Outcomes) model 75
education, challenges to 461
education, granularity of 471
education, implications for 107
educational blogging 222
education and training, initiatives of 183
education system, response of 23
emergence, definition 118
Enterprise 2.0, definition 297
enterprise social software, definition 297
enterprise social software, potential of 285, 289
entry level worker, definition 190
entry level workers 174
entry level workers, essential tools 174
eponymity 32
eponymity, definition 39
ethnography 94
ethnography, definition 101
examining links 93
explicit cues, definition 511

F

‘free’ Web services 169
face-to-face, definition 206
face-to-face interactions 87
face-to-face religious communities 196
Facebook 19, 93
Facebook, definition 173
feed readers, definition 413
file sharing 52
Firefox, definition 173
Flickr.com 59
FM 370
folksonomy 58
folksonomy, definition 65
folksonomy tags 62
folk taxonomy 121
formality, topography of 472
formal learning 322
forum, definition 206
Friendlink 19
future worker competencies questionnaire 191
future workplace, entrepreneurial attributes of 177
future workplace, virtual attributes of 177

G

general communication systems 146
generic, definition 190
geo-tagging 58
geo-tagging, definition 66
geo-tagging methods 60
geographic identifiers 62
global competencies 179
Google Groups, definition 173
GPL, definition 173
group, defining the 4
group, definition 17
group formation 86, 91
groups in education 6
group strategies 12

H

habitualization, cycle of 73
healthcare 67
healthcare, different natures of 68
health information, growth of 73
higher-order PKM-skills 301
higher-order skills 306
higher-order skills (HO-skills) 298
higher education (HE) 208
higher education, definition 237
higher education, learning from wikis 479
higher education, social software in 159
higher education, supporting student blogging 222
higher education, teaching and learning in 269
higher education, threat to 473
human body 68
human emotion 71
hybrid media analysis model, definition 398
Hypertext Markup Language (HTML) 56

I
identification 36
identities-on-line 31
identity 198
identity experimentation, enable 96
identity types 36
illness 67
individualization 260
individualization, definition 267
informal learning, definition 51
informal learning contexts 1
information, learner expectations 326
information literacy 322
information literacy, definition 334
information literacy, model of 327
information Literacy, shift to 318
information literacy and Web 2.0 320
information overload 211
information overload, definition 220
information retrieval, definition 131
information skills, definition 334
information skills, models of 317
information skills, rise of 317
innovation 264
instant messaging (IM) 166
instant messaging application with geolocation 367
institutional ICT services 169
instructional design 259
instructional design, definition 268
interaction 261
interaction, definition 268
interaction prerequisites 36
InterLoc, definition 432
International Bank Case 292
International Broadcasting Company Case 293
Internet messaging (IM) 88
investigation by design (IBD), definition 432

K
knowledge-building environments (KBES),
definition 118
knowledge acquisition 47
knowledge building environment 109
knowledge creation metaphor of learning, definition 355
knowledge creation process 290
knowledge exploitation 289
knowledge exploitation, definition 297
knowledge exploration 289
knowledge exploration, definition 297
knowledge lifecycle 288
knowledge management (KM) 256
knowledge management, definition 268
knowledge management, exploitation perspectives of 287
knowledge management, exploration perspectives of 287
knowledge mapping, definition 380
knowledge maps 364
knowledge media technologies, definition 380
knowledge media tools 357
knowledge presentation process 291
knowledge society learners 299
knowledge society lifelong-learners 300
knowledge validation process 290
KSAs, definition 190

L
leadership 263
learning, institutionalization of 73
learning environment design 145
learning environments, implications for design 337
learning management system, definition 355
learning management systems (LMS’s) 335
lifelong-learner 2.0, characteristics of 302
lifelong-learner 2.0, competences for 305
lifelong-learner 2.0, definition 314
lifelong-learner 2.0, network practices of 302
lifelong-learner 2.0, skills for 305
lifelong-learner 2.0 experts 301
lifelong-learner 2.0 natural pre-disposition 303
lifelong-learners 2.0 298
linkbacks, definition 413
LMS, definition 355
local folksonomies 52
local knowledge, definition 66
location-based user recommendations 62
locus of control 104
locus of control, definition 118

M
many, definition 17
massively multiplayer online games (MMOG) 89
Matthew Effect 9
meaningful learning 415
meaningful learning, definition 432
mediated agency 108
MediaWiki, definition 173
meta-network 26
microblogging, definition 511
mobile information system, resident-driven 62
mobile information system, technical and design considerations 52
mobile spatial interaction 60, 61
mobile spatial interaction, definition 66
mobile Web 2.0, definition 66
mood message, definition 511
MSG 367
MySpace 19, 93
MySpace, definition 173
MySpace generation 23
MyToons, definition 173

N
net for learning 1
network, defining the 6
network, definition 17
networked publics 21
networking, definition 253
network strategies 12
nominal and virtual identity, definition 101
nominal identity 89
nononymity 33
nononymity, definition 39

O
object-centered sociality, definition 355
OEP 1.0 141
OEP 2.0 142
OEP 3.0 142
OEPs, collaboration 136
OEPs, networking 136
OEPs, progression of community development 137
OEPs, social value in 136
OEP sites, definition 144
One-Laptop-Per-Child initiative (OLPC) 40
online communities, analysis of 86
online education 256
online education, definition 268
online education, model for knowledge and innovation 254
online learning tasks 274
online religious communities 193
online religious communities, social structures of 193
online social networking 209
online social network interaction 86
online social networks, analysing 92
online social networks, emergence of agency in 102
online social networks, research on community growth 93
online social software 110, 112
ontological security, definition 220
ontologic domain 70
ontology 67
ontology, spectrum of 69
open education, phases of 141
open educational resources, definition 380
open education programs, definition 144
open education programs, overview of 135
open education programs, roles of social networks and communities 133
open learning, definition 380
open research, definition 413
open science, definition 413
open sensemaking communities, definition 380
open source software 169
organisational capabilities, definition 297
organisational learning strategies 287
