Index

4th party logistics providers - See fourth-party logistics providers.

A
acting ethically 17
activity theory 148-149, 152-153, 155-159, 163-165
activity theory analysis 148, 155-156, 159, 163
activity theory element 155
activity theory organization aggregation 148
administration management system 245
Administrative Information Systems (AIS) 217
advanced logistics technology 235, 237
aggregated – disaggregated activity theory 163
air cargo service 83-84, 86-87, 97
airport clusters 83, 91, 93, 95
American Presidential Lines (APL) 287
Analytical Supplier Relationship Management (aSRM) 214
analytic information use 261
animal societies 28
ant foragers 35
ants behavior 28
application services 139, 146
architecture style 1-5, 7-8, 10, 13
artificial ant colony 35
asymmetric integration approach 1, 11
Authenticated Tracking and Monitoring System (ATMS) 314, 322
Automated Dispensing Systems (ADS) 217, 219
automated technical support software 336-337, 351
Automatic Data Acquisition (ADA) 13, 53
automatic data mining 28

B
basic logistics service 238-239
Bayesian classifier 348-350
Beer Distribution Game (BDG) 49, 51-52
best effort delivery 7
binary prefix strings 69, 73, 76, 81
Broadband Wireless Access (BWA) 303
broadcasting 7
brute force method 191
brute force search 189-190, 207
bullwhip effect 49-56, 59-61, 63-68, 171, 238
business as service 1
business networking 208, 225
business processes 2, 4, 11, 13, 22, 64, 138, 144, 147, 186, 195, 205, 207, 212-213, 217, 224, 301, 307-308
Business Process Modeling Notation (BPMN) 218
business process outsourcing 137-138, 142-143, 146
business services 138-139, 146, 168, 171, 324-325, 327
business service scheduling 324, 334
Business to Business (B2B) 167, 264
buyer-supplier-pre-supplier-relationships 211
buyer-supplier-relationships 211, 214
buy–sell transactions 168

C
Cargo Handling Cooperative Program (CHCP) 286, 291, 298
Carrier Sense Multiple Access with Collision Avoidance (CSMA/CA) 302
cash-to-cash cycle time 64
China Overseas Logistics (COL) 227, 240-241, 245
Chinese logistics enterprises 227-228, 230, 233, 249
clearance management system 245
Clinical Information Systems (CIS) 216
clustering methods 29
collaborative commerce 167, 171, 181
Collaborative Planning, Forecasting and Replenishment (CPFR) 53, 174
collaborative relationship 171
Collaborative Supplier Relationship Management (cSRM) 214

Collective activity system 154

Collision resolution 69-77, 79, 81

Commercial Off-The-Shelf (COTS) 302-303

Commercial Vehicle Information Systems Network (CVISN) 289

Communication gap 105-106, 110-113, 115, 117

Company centricity 256-257

Complex data management functions 4

Compliance formulas 203

Compliance period 202

Compliance tracking 183-184, 201, 206

Computerized Physician Order Entry (CPOE) 217, 221, 224

Connecting elements 3

Container Handling in Intermodal Nodes—Optimal and Secure (CHINOS) 286

Container security 283-284, 291, 294-295, 298-299

Container shipping 283

Container tracking 283, 291, 297

Contract drafting 183-184, 200, 206

Contract management system 245

Conventional optimization solutions 277

Cost/benefit imbalance 17

Costly stockouts 58

Cross-disciplinary processes 215

Curative control 120

Customer-centric deployment 253

Customer-centric ideology or culture 258

Customer-centric implementation 253

Customer-centric information management 254-255, 260-261, 263, 266

Customer centrality 254-255, 257-258, 260, 263, 265, 270

Customer-centric organizations 257

Customer-centric orientation 254, 256, 260, 263, 265-266

Customer duties and responsibilities 201

Customer relationship management system 245

Customer Relationship Management (CRM) 22, 174, 210-211, 223-224, 226, 257, 260, 307

Customer service management 307

Customer Service Representative (CSR) 130

Customs and Border Protection (CBP) 287

Cyber Transportation Logistics (CTL) 167, 171, 175-176

Data Base Management System (DBMS) 171

Data elements 3

Data exchange system 245

Data middleware 6

Data pre-processing 8

Data provisioning 1-11, 13

Data smog 132

Data transmission and processing 208

Data warehouse 308

Decision support system 245, 282

Demand management 301, 307

Denial-of-Service (DoS) 313

Density-based Simultaneous Two-Level Self-Organizing Map (DS2L-SOM) algorithm 28-29

Descriptive information use 261

Desktop purchasing 214, 220-222

Detective control 120, 130

Detritivore diets 29

Digital specification 148, 163

Digital specificity 148-149, 161

Dimensionality reduction 30, 47

Direct search 189

Discriminating Query (DQ) 340

Distributed Sensor Networks (DSN) 301, 320

Distribution management system 245

Distributive 19-20, 22-23, 25

Division of labor 28-29, 39, 41, 155, 158-160, 162-163, 215, 236

Domestic logistics enterprises 228

Dominant logic 228-229, 254-257, 265, 271, 335

Drill Down Query (DDQ) 340

Drug pedigree system 158

Drugs supply management 208, 217-218

Dynamic frame slot 69-72, 75-76, 79, 81

Economic growth and welfare 137

Economic index 173

Economics of strategy 83

Economic volume 91-92, 94, 96, 102

EDI systems 4

Electromagnetic signal transmission 304

Electronic Business (e-business) 67, 146, 183, 204, 207, 224, 326, 334

Index

electronic commerce system 245
