- cyberbullying research 249
- Cyber Psychology & Behavior 2

## D
- deep knowledge assessment 102
- deep learning processes 101
- deep level of knowledge 100
- deindividuation 247
- developmental stages 2
- digital library materials 103
- digital natives 50
- digital resource exploration 104
- disinhibited behavioral effects 247
- dissociation 171

## E
- Educational Testing Services (ETS) 231
- elaboration strategies 118
- elevated gambling involvement 161
  - causes of 166
- emotional engagement 172
- essay revision 104
- excessive gaming 69
- experiential reporting 195
- explanatory graphics 135
- eye-tracking 133
  - cognitive load 140
  - journalism studies 134
  - previous research 133
  - pupil diameter 140
  - results 139

## F
- factual knowledge assessment 102
- feedback 117, 119
  - effects on learning strategies 116, 126
