About the Editor

Bernd Carsten Stahl is a reader in critical research in technology of the School of Computing and a research associate at the Centre for Computing and Social Responsibility of De Montfort University, Leicester, UK. His interests cover philosophical issues arising from the intersections of business, technology, and information. This includes the ethics of computing and critical approaches to information systems. He is the editor-in-chief of the International Journal of Technology and Human Interaction. More information can be found under: http://www.cse.dmu.ac.uk/~bstahl/
