About the Contributors

Tariq Ashraf is a Librarian, University of Delhi South Campus, New Delhi, India, and has earlier worked at the Indian Institute of Management, Lucknow, and Centre For Policy Research, New Delhi. Dr. Ashraf is keen researcher and has contributed 30 articles and papers in various prestigious national and international journals and undertaken research projects. An external expert for several selection committees of the university, he is a member of the editorial boards of several prestigious publications and a resource person at various organizations and library associations and professional bodies. Among his six books, a three volume commissioned documentation of India’s Parliamentary elections has been considered as an outstanding contribution to election studies. Well-versed with emerging information technologies and trends in scholarly communication, planning, development, implementation, and maintenance of the library’s integrated computing environment; participating in the full range of reference and instructional services; and contributing to the development and evaluation of web-delivered courses and instructional materials are some of his areas of interest. Dr. Ashraf is a two-time winner of the international paper contest held by the American Society for Information Science and Technology (ASIST) and has travelled to USA, Japan, and UAE on various grants.

Puja Anand Gulati, an ex-Librarian of UNICEF and British Council, New Delhi, is currently working at Shaheed Bhagat Singh College of the University of Delhi, India. She is an active library professional and regularly contributes to the LIS literature. She has extensive exposure to modern ICT-based services and has reoriented several library systems to transform them into a local gateway to the world’s knowledge and information. She is currently pursuing her Ph.D from University of Delhi.
