Index

17 Golden Projects 329

A

adverse selection 30-31
Any Time Money (ATM) 371
Application Service Provider (ASP) 150
A Reference model for COllaboration Networks (ARCON) 139, 146, 151

B

Barcelona 2.0 management model 213
Behavioural Intention 63, 66, 68-70, 73, 76-77, 79, 81-82, 86-88
Behavioural Intention to Use (BI) 66, 70
Business Process Outsourcing (BPO) 329

C
censorship 248-249, 254-263, 266
Citizen-Centric Approach 128, 229, 240-241, 246
Common Service Centers (CSC) 346, 351
Contact Centre (CC) 226
corruption 27, 183-187, 193, 198-199, 253, 324-325, 328-330, 332-334, 336, 370, 386
cross-Government Enterprise Architecture (xGEA) 142
data warehouses 11-12, 16-18, 49, 53, 166, 348
decision support system (DSS)
  compound 47
database-oriented 47
  rule-oriented 47
  solver-oriented 47

D

Database Management Systems (DBMS) 11
Decision support system (DSS)
  spreadsheet-oriented 47
text-oriented 47
Devolution 60, 135, 139, 143-151, 153, 155-158, 160-161, 164
Digital Agenda 2020 290-291, 295, 298, 303-304, 315-317
direct ICT policy 129, 138
DTD (Data Type Definition) schema 271
Dutch Government Reference Architecture (NORA) 142
e-government services delivery 2, 5-6
electronic administration (e-Administration) 92, 100-101
Electronic Bill Registration System (EFKS) 171
Electronic Certificate Service Providers (ECSPs) 168
Electronic Commerce Technology Acceptance (ECTA) 63-64, 67
Electronic Communications Law 168
electronic democracy (e-Democracy) 92, 105-106
electronic political-administrative relationships (e-PAR) 92, 103
electronic politics (e-Politics) 92, 104
electronic society (e-Society) 92, 107
E-Mailing Systems 63-64, 68-72, 76-77, 79-82, 87-88
endogenous elements 153
ePeople 327
E-Taxation 165-166, 170, 173, 175, 178-180
e-Transparency 182-183, 186, 201
EU-27 291, 295-297, 300-301, 304-318
Eurostat Database 290-291, 304
Extensible Markup Language (XML) 11, 270

F
Facebook 122, 183, 256, 262
Federal Enterprise Architecture (FEA) 140
Federal Enterprise Architecture Reference Model
Ontology (FEA-RMO) 5
Flickr 183

G
global Internet governance 249, 266
governance model characteristics 208, 216
Government 2.0 Taskforce 128-129, 135
Government Enterprise Architecture (GEA) 6, 140
Government Open Systems Interconnection Profile
(GOSIP) 141
government reinvention 92
Government to Business as a Citizen (G2BC) 28
Government to Business in the Marketplace
(G2BMKT) 28
Government to Individuals (G2Is) 28
GOV.TW 328

H
holistic model 335
Human Machine interface (HMI) 269
Human Resource Output 46, 49, 52, 54-56
human resources development (HRD) 374, 382

I
ICT-Enabled Governance 208, 210, 220-221, 223-224
inclusive governance 27, 342-343
independent news portals (INPs) 248-249, 258, 266
information asymmetry 21-22, 29-35, 37, 43, 343, 354
Information Systems Architecture (ISA) 347
Information Technology Architecture (ITA) 349
Integrated Acquisition Environment (IAE) 3
Interactive Voice Response (IVR) 154, 327
International Development Association (IDA) 197, 201
Internet Election 249
Internet filtering 259
Interoperability Framework (IF) 3

K
Korea International Cooperation Agency (KOICA) 383
Korea IT Industry Promotion Agency (KIPA) 381

L
life-event ontology 6
LinkedIn 183
local democracy 121-124, 132, 138, 205

M
Malaysiakini 248, 253, 255-256, 264, 266
maturity models 3-4, 7-10, 15, 206, 221-222, 320, 385
maturity model stages layer (MMSL) 8
