Secure Communication: A Proposed Public Key Watermark System
Shadi R. Masadeh, Department of Computer Networks, Al-Isra University, Amman, Jordan
Shadi Aljawarneh, Faculty of Information Technology, Al-Isra University Postoffice Amman, Jordan
Ashraf Odeh, Faculty of Information Technology, Al-Isra University Postoffice Amman, Jordan
Abdullah Alhaj, Faculty of Information Technology, University of Jordan, Aqaba, Jordan

Implementation of Improved Hash and Mapping Modified Low Power Parallel Bloom Filter Design
K. Saravanan, Department of Electronics and Communication, Nehru Institute of Technology, Coimbatore, Tamil Nadu, India
A. Senthilkumar, Department of Electrical and Electronics, Dr. Mahalingam College of Engineering and Technology, Pollachi, Tamil Nadu, India

A Survey of Security Standards Applicable to Health Information Systems
Francis Akowuah, Department of Computer Science, North Carolina A&T State University, Greensboro, NC, USA
Xiaohong Yuan, Department of Computer Science, Center for Cyber Defense (a CAE/IAE), North Carolina A&T State University, Greensboro, NC, USA
Jinsheng Xu, Department of Computer Science, North Carolina A&T State University, Greensboro, NC, USA
Hong Wang, Department of Management, North Carolina A&T State University, Greensboro, NC, USA

An Intelligent Network Intrusion Detection System Based on Multi-Modal Support Vector Machines
Srinivasa K G, Department of Computer Science and Engineering, M. S. Ramaiah Institute of Technology, Bangalore, Karnataka, India

False Alarm Reduction Using Adaptive Agent-Based Profiling
Salima Hacini, Lire Laboratory, TLSI Department, Constantine2 University, Constantine, Algeria
Zahia Guessoum, LIP6, Pierre et Marie Curie University, Paris, France
Mohamed Cheikh, Lire Laboratory, TLSI Department, Constantine2 University, Constantine, Algeria
