

Acknowledgment

I would like to take this opportunity to thank a number of people who have contributed in various ways in the development process of this book. First of all the authors of all the chapters that are presented in this book, as well as the authors of the chapters submitted but did not quite make it to the final chapter selection. The large interest shown by all of them indicates that the area is indeed very active. I would like also to thank all the reviewers of the chapters as well as the members of the editorial advisory board for their assistance in ensuring the quality of the publication. Thank you also goes to the development team at IGI Global, and especially Christine Bufton for all the support throughout the book development process.
