

Acknowledgment

I would like to thank the authors of this book who have made tireless efforts to get me, on time, their first drafts and revised chapters. I am also especially grateful to the peer reviewers of this book and their thorough comments on the draft chapters. I am very thankful for the editorial advisory board of the book; they were a good source of advice and inspiration. I am very much appreciative of the help that the staff at IGI Global provided to me for the development of this book; special thanks goes to Ms. Elizabeth Ardner. On a personal note, I would like to thank my wife Cathy and my two daughters Rachel Olivia and Abigail Sophia for their support during this book project.
