The editors would like to thank all people involved in the development and review process of the book: especially, Professor Juergen Seitz from the University of Cooperative Education Heidenheim in Germany, Dr. Troy Strader from the Drake University (USA), Dr. Adam Frederic from the University of College Cork (Ireland), and Dr. Ali Salehnia from South Dakota State University (USA). Many of the authors of the chapters included in this book also served as referees for chapters written by other authors. Thanks go to all those who provided constructive and comprehensive reviews.

We would also like to thank all the authors for their contributions. Special thanks go to Jessica Thompson and Julia Mosemann at IGI Global for their great support. Special thanks also go to the publishing team at IGI Global, whose contributions throughout the whole process from the inception of the initial idea to final publication have been invaluable. In particular, special thanks goes to Jessica Thompson and Julia Mosemann, who continuously prodded us via e-mail to keep the project on schedule and to Jessica Thompson, whose enthusiasm motivated us to initially accept her invitation for taking on this project.
