

## Acknowledgment

The editors of this book would like to thank Mark Pecen, Jim Womack, Atul Asthana in Research In Motion (RIM) for their continuous support and encouragement during the preparation of this book. We thank Raj Jain (Washington University in St. Louis) and Shyam Parekh (Alcatel Lucent) for their helpful discussions and recommendations.

Our gratitude goes to IGI Global staff for the preparation of the book, especially Christine Bufton, David DeRicco, Erika Carter, Jan Travers, Jennifer Weston, and Neely Zanussi. We are also grateful of Vicki Livingston and Krissy Gochnour in 3G America, LLC for supporting this book.

This editorial book would not have been completed without the help of our reviewers: Shirook Ali (RIM), Hadi Baligh (Huawei), Alireza Bayesteh (RIM), Cagatay Buyukkoc, (AT&T), Masoud Ebrahimi (RIM), Hamid Farmanbar (Nortel), Nada Golmie (NIST), Farzaneh Kohandani (RIM), Heunchul Lee (Stanford), Xinhua Ling (RIM), Behrouz Maham (UNIK), Subhas Mondal (WIPRO), Biplab Sikdar (RPI), Pouya Taaghol (Intel), Wei Wu (RIM), Yi Yu (RIM). We appreciate their great help and support.

The second editor would also like to thank numerous friends and colleagues at the Stanford University for providing such a creative, intellectually stimulating and fun environment during his stay there. In particular, he would like to thank Prof. Arogyaswami Paulraj, Prof. John Cioffi, Heunchul Lee, Tae-Min Kim, and Bernd Bandemer.

The support and help of Prof. Amir K. Khandani in University of Waterloo is also greatly appreciated.

Last, and most importantly, we are indebted to our families. Their invaluable and relentless supports, encouragement, and love are without doubt the most important reasons behind our successes.
