

Acknowledgment

The editors would like to acknowledge the help of all involved in the collation and review process of the book, without whose support the project could not have been satisfactorily completed. Deep appreciation and gratitude is due to Dr. Kevin O'Rourke for his suggestions on enhancing aspects of the book, and we would also like to acknowledge Heather Probst for her editorial support services.

Most of the authors of chapters included in this book also served as referees for chapters written by other authors. Sincere thanks go to all those who provided constructive and comprehensive reviews.

Special thanks also go to the publishing team at IGI Global, whose contributions throughout the whole process from inception of the initial idea to final publication have been invaluable.

Closer to home, we would like to thank the Donnelly and McSweeney/Ryan families for their unwavering support and encouragement throughout—in particular, Rhiannon, Adam, and Leon for putting up with their absentminded mothers.
