

*This book is dedicated to my parents, the late Moshe and Iran Mor, who by giving to others were a living example to me and inspired me to research this field. – Ruth Wolf*

*I dedicate my efforts in this edited book, first and foremost to God the Almighty, for the gifts He bestowed on me, and to the members of the ISSA Family; my parents V. Rev. Fr. Boutros Touma Issa and Bathqyomo Marine Khoury-Issa who have instilled in me the passion of ongoing learning and discovery, to my brothers Touma and Theodore and my sisters Tomayess and Tamara for their ongoing support, to my friends around the world who always encourage me in whatever I do. - Theodora Issa*
