

Acknowledgment

The editors would like to acknowledge the help of all the people involved in this project and, more specifically, the authors, as without their support this book would not have become a reality.

Firstly, the editors would like to thank each one of the authors for their contributions. Our sincere gratitude goes to the chapters' authors who contributed their time and expertise to this book.

Secondly, the editors wish to acknowledge the valuable contributions of the reviewers regarding the improvement of quality, coherence, and content presentation of chapters. Most of the authors also served as referees; we highly appreciate their double task.

Thirdly, Ruth Wolf wishes to thank the Wolf family, her husband and children, for their encouragement. Theodora Issa would like to acknowledge the help rendered by the Issa family for their patience and support throughout the project. Monica Thiel expresses her gratitude for the support of her family and friends.

The editors would like to give a special thank you to IGI Global, the publishers, who believed in us and published our book, specifically to Erin O'Dea and Jan Travers for their patience and guidance throughout the entire process.
