Acknowledgment

This book would not have been possible without the cooperation and assistance of many people: the authors, reviewers, our colleagues, and the staff at IGI Global. The editors would like to thank Mehdi Khosrow-Pour for inviting us to produce this book, Jan Travers for managing this project, and Jessica Thompson and Heather Probst as assistant managing development editors for answering our questions and keeping us on schedule. Many of the authors of chapters in this book also served as reviewers of other chapters, and so we are doubly appreciative of their contributions. We also acknowledge our respective universities for supporting us for this project. Finally, the editors wish to acknowledge their families for their support throughout the project.
