

## Acknowledgments

*The editors would like to thank all the authors for their excellent contributions to this book. Without their support the project could not have been completed. We would like to thank Victoria University for granting outside studies program (OSP) leave for Rezaul Begg to undertake this book project. Also, we acknowledge support from the ARC Research Network on Intelligent Sensors, Sensor Networks and Information Processing (ISSNIP) for this project.*

*The editors would also like to thank the publishing team at the Idea Group Inc., who provided continuous help, encouragement and professional support from the initial proposal stage to the final publication. Special thanks to Mehdi Khosrow-Pour, Jan Travers, Renée Davies, Amanda Phillips and Kristin Roth.*

*Finally, we thank our families for their love and support in the world of conflicting demands.*
