

Acknowledgments

The editor expresses her deep gratitude to the chapter authors whose original contributions served as the foundation for this important handbook.

The editor also would like to acknowledge and express her appreciation to all members of the editorial board who generously allocated their time and expertise to reviewing the manuscripts which was a significant contribution to the overall quality of the publication. They include Professor George Vassilakopoulos, Health Informatics Laboratory, University of Piraeus, Greece, Dr. Andriani Daskalaki, Free University of Berlin, Germany, Dr. Melpomeni Lazakidou, General Hospital Salzburg, Austria, Dr. Konstantinos Konstantinidis, General Hospital Salzburg, Austria, Dr. Konstantinos Siassiakos, University of Piraeus, Greece), Dr. Iordanis Evangelou, National Institutes of Health, USA, and Dr. Sotirios Bisdas, Johann Wolfgang Goethe University, Frankfurt, Germany).

Michelle E. Potter, acquisitions/development editor, provided editorial assistance and guidance over the past six months, and Jan Travers, managing director, provided guidance and support over the year since the project began.

Special thanks to our publisher: Idea Group Inc. Without you, we could not have completed this undertaking.

This book is respectfully dedicated to my parents Apostolos and Paulina and to my sisters Georgia and Melina.
