

Acknowledgments

The editors would like to express their sincere gratitude and thanks to all those who directly or indirectly helped in the collation and review process of the book, without whose support, the project could not have been satisfactorily completed. Most of the authors of chapters included in this book also served as referees of articles written by other authors. In addition, many others provided constructive and comprehensive reviews on chapters. Some of those who provided the most comprehensive, critical, and illuminative comments include Dr. Som Naidu, University of Melbourne; Dr. Kinshuk, Massey University; Dr. Punya Mishra, Michigan State University; and Dr. Allison Littlejohn, University of Strathclyde—our sincere thanks to all of them.

A special note of thanks goes to all the staff at Idea Group Inc., whose contributions throughout the whole process from inception of the initial idea to final publication have been invaluable. Especially we are indebted to Mehdi Khosrow-Pour, Senior Academics Editor; Jan Travers, Senior Managing Editor; Michele Rossi, Development Editor; Amanda Appicello, Managing Editor; and Jennifer Sundstrom, Assistant Marketing Manager for providing support from time to time and dealing with our queries at a lightening speed. Their special interest in the publication, and professional guidance made it easier for us to complete the editing work on time.

We would like to thank our employer, the Indira Gandhi National Open University, and its staff members for their constant encouragement to do quality work. Dr. Sharma, especially would like to thank his wife, Madhu, and children, Anku and Appu, for their constant support and understanding.

Last but not the least, all the contributing authors of the book deserve special thanks for their excellent contributions, and we are grateful to all of them for having faith on us during the long development process of the book and for meeting the deadlines.
