

## Acknowledgment

Such a project remains time and perseverance. We started the story of this book in June 2007. More than one year later it is now published and available. We would like to thank all the people who participate to this project and make it possible.

First of all we would like to thank all authors who submitted chapters even if they not have been selected for publishing. Their motivation, the considerable effort provided and their investment help us to improve the quality of this book. Finally, 12 chapters have been selected for publication among the 23 proposed submissions. The authors of selected chapters are located in several countries in the world (Belgium, Colombia, France, Iran, Ireland, Romania, Turkey, UK and USA).

To select these chapters each one has been blind reviewed by at least 2 reviewers. The review committee is composed of authors and of additional reviewers (external experts). Thank all of them for the time they spent in reading, proofing, writing their complete remarks. Their remarks have been really relevant and accurate to authors who improved the quality of their chapter. This is the reason why we would like to thank each of them personally: *Alan Smeaton, Alexander Felfering, Angela Carrillo-Ramos, Catherine Berrut, Charles Delalonde, Colum Foley, David Vallet, Désiré Kompaoré, Françoise Fessant, Gareth J. F. Jones, Gilles Hubert, Guillaume Cabanac, Hager Karoui, Hien Nguyen, Josiane Mothe, Manuele Kirsch Pinheiro, Mark Butler, Mark van Setten, Marlène Villanova-Oliver, Melanie Gnasa, Mihaela Brut, Nathalie Denos, Neal Lathia, Nima Taghipour, Patrick Brézillon, Philippe Lopisteguy, Phivos Mylonas, Steve Cayzer, Susan Gauch, Sylvie Calabretto, Victor Odumuyiwa, Zehra Cataltepe, Zeina Jrad.*

We would like to sincerely thank *Pr. Bamshad Mobasher* who accepted to participate to this project in writing the Foreword.

A special thank must go to IGI Global team and particularly Ms. *Deborah Yahnke*, and Ms. *Rebecca Beistline*, assistant development editor, for their intensive support and their help allowing us to achieve this project.
