

Acknowledgment

I would like to thank first, and foremost, the authors of the chapters in this book. They did an excellent job keeping on schedule and getting me their draft and final chapters. I am also very grateful for the thorough work of the double-blind peer reviewers for the book. I would like to thank the staff, especially Heather Probst, at IGI Global for their coaxing and encouragement. On a personal note, I would like to thank my family for their support and encouragement through the production of this book.
