

Acknowledgment

The editors would like to acknowledge the contributions of all people involved in the project's collation and review processes, without whose support the book could not have been satisfactorily completed.

Our gratitude goes to all the authors, whose creativity added multiple reflexing perspectives to this looking-glass book. We wish to thank all of the authors for their insight and excellent contributions. We also want to thank all of the people who assisted us in the reviewing process.

Special thanks also go to all the staff at IGI Global, whose contributions throughout the whole process from inception of the initial idea to final publication have been invaluable. In particular, thanks go to Kristin Roth (development editor), Deborah Yahnke and Ross Miller (editorial assistants), Jan Travers (managing director), and Mehdi Khosrow-Pour (executive editor) whose enthusiasm motivated us to initially accept his invitation for taking on this project.

Finally, we want to thank our families for their love and support throughout this project.
