

# Index

## A

- American Customer Satisfaction Index (ACSI) 31, 32
- Ames Research Center (ARC) 115
- anonymity 177, 178, 179, 181, 183, 184, 185, 186, 189, 193
- asymmetric strategic models 170
- warfare 166
- model 166

## B

- bandwagon effect 144
- biological influences 3
- builds package 72
- business process redesign (BPR) 78, 79
  - framework 80
  - group 81

## C

- capability maturity model (CMM) 121, 151
- center capability 135
- CIOs (chief information officers) 130
- CM Connection (CMC) 206
- cohesion 220, 221, 222, 232, 234, 235
- Colocation 66
- Combined Federal Campaign (CFC) 120
- commercial systems 165
- competing commitments 220, 222, 227, 228
- complexity of engagement 135
- computer-mediated BPR group 79
- computer-mediated communication (CMC) 2, 43, 177, 193, 196

- Computer Sciences Corporation (CSC) 144
- conventional warfare model 166
- Convergent validity 37
- criminal law 169
- Customers on-site 66
- cyber warfare 168
  - attackers 164

## D

- data privacy 134
- decision cycle 167
- development facilities (DSD) 128
- digital information warfare 168
- discriminant validity 37
- distributed denial of service (DDOS) 170
- distributed knowledge management (DKM) 242, 246, 253, 254
- domains package 72
- dynamic systems development method (DSDM) 226

## E

- e-collaboration 23, 25, 28, 29, 162, 170
- e-communication 2
- electronic
  - brainstorming system (EBS) 183
  - mail 33, 34, 41
  - meeting system (EMS) 176, 177
- engineering for complex systems (ECS) 123
- ethics 177, 190, 192, 193
- ethics and law 162
- evolution theory 1, 3, 5, 6, 10

## **Index**

export compliance issues 134  
extreme projects 100, 105

### **F**

face-to-face (FtF) 2, 43, 96  
fast cycles 66  
file transfer protocol (FTP) 116  
financial attack 170  
Fine & Performing Arts Center (FPAC) 21  
framework 243, 244, 245, 251, 253

### **G**

group decision support systems (GDSS) 79  
groupthink 220, 222, 230, 232, 234

### **H**

hacker 164  
wars 165, 169  
human-computer interaction (HCI) 39  
human resource (HR) 206  
hybrid projects 100

### **I**

individualized consideration (IC) 180  
Information  
superiority 167  
information  
technology (IT) 142  
warfare 168  
infrastructure package 72  
Inheritance Law 5  
initial considerations 227  
innate schema similarity principle 6  
inspirational motivation (IM) 180  
intellectual  
capital  
management  
system (ICM) 210  
property 134  
stimulation (IS) 180  
Internal Audit Review (IAR) 123  
item reliability 37

### **J**

Jet Propulsion Lab (JPL) 115

### **K**

kinetic  
conflicts 169, 170  
warfare 166, 173  
knowledge  
management  
system (KMS) 221, 243  
management (KM) 113, 117, 124, 199, 200

### **L**

language barrier 135  
leadership styles 177, 178, 179, 181, 184, 190  
lean projects 100  
Listserv  
affect 43
