

Acknowledgments

The editors would like to acknowledge the help of all involved in the collation and review process of the book, without whose support the project could not have been satisfactorily completed.

Most of the authors of chapters included in this also served as referees for articles written by other authors. Thanks go to all those who provided constructive and comprehensive reviews.

Special thanks also go to the publishing team at Idea Group Inc.

The editors would like to thank the Brazilian National Research Council (CNPQ), the Graduate Personnel Improvement Coordination (CAPES) and the State of São Paulo Research Foundation (FAPESP) for research financial support.

In closing, we wish to thank all of the authors for their insights and excellent contributions to this book. We also want to thank all of the people who assisted us in the reviewing process.
