

Acknowledgments

I would like to thank my colleagues within my own community of practice who assisted me to complete this project by reviewing chapters and providing extensive feedback to improve the quality of each chapter. Within the academic community this is a priceless contribution. I wish to thank the following reviewers: Barney Dalgarno, Ross Dewstow, Robert Fitzgerald, Kathleen Gray, Gordon Joughin, John Hedberg, Dale Holt, Tony Herrington, Patrick Kunz, Gerry Lefoe, Lori Lockyer, Joe Luca, Catherine McLoughlin, Mark McMahon, Carmel McNaught, Koren Mitchell, Rob Phillips, Mary Rice and Patty Stevenson. In particular I wish to thank Patty Stevenson and Koren Mitchell for their significant editorial contribution to the book.

I would also like to thank the staff at IGI Global, and extend a special note of thanks to our development editor, Kristin Roth.

I would also like to thank the many people I have worked with on educational projects. Each project provided insight into the many nuances of instructional design and academic development in diverse communities of practice throughout the world.
