## Symbols

@Risk 75

## A

accountability 188  
accurate problem definition 28, 29  
acid test ratio 199, 218  
activity-based costing (ABC) 195  
activity-based management (ABM) 195  
advanced planning and scheduling (APS) 224  
advertising 28, 42, 99, 160, 168  
aged data 46, 107  
agile 115, 228  
Amazoned 271  
application service provider (ASP) 102  
appropriate analytics 216  
appropriate cost method 195  
Aristotle 6  
artificial intelligence (AI) 47, 235, 238

## B

balance 219  
balanced scorecard (BSC) 129, 144, 202, 219  
basic financial 212  
basic manufacturing function 246  
behavior-mapping 163  
benchmark 208, 229  
big picture 26, 133  
BPM optimization 101  
brainstorm 28, 36, 41  
briocleurs 95  
briocolage 95  
budget 201  
build-to-order 242, 248, 250  
build-to-stock 248  
business intelligence system 4, 125  
business model 14  
business partnering 193  
business perspectives 198

business planning software 126  
 business process management (BPM)  
     8, 49, 72, 100

## C

capital turnover 199, 219  
 cash flow 131, 141, 199, 204  
 cause-and-effect diagram  
     96, 137, 173, 212  
 chaotic times 122  
 chief financial officer 192  
 chief information officer 105  
 collaborate product commerce (CPC) 278  
 collaboration 14, 172  
 collaborative computing 272  
 collaborative processing enterprise portal  
     53  
 communication 62, 92, 163, 225, 241  
 computer networking 46  
 computer software 14  
 computer storage 45, 69, 107, 272  
 content analysis 207  
 content management 63, 232  
 continuous improvement 229  
 control organization method 231

 corporate mission 130  
 corporate performance management (CPM)  
     125, 200  
 corporate philosophy 25, 43  
 corporate planning 114, 125, 170, 186,  
     203  
 corporate sponsor 105  
 cost justification 103  
 cost optimization technique 196  
 costing methods sub-model 204  
 creative computer software package 30  
 creative thinking 11, 24, 258  
 critical success factor (CSF) 96, 169, 185,  
     197  
 customer 75, 99, 150, 159, 165  
 customer long-term value creation 151  
 customer relationship management (CRM)  
     75, 159, 165  
 customer satisfaction 153  
 customer service 99, 174, 219, 237

## D

data mart 55  
 data mining 72, 83, 109, 129, 165, 234,  
     248  
 data visualization 72, 84, 102  
 data-mining visualization 165  
 debt-to-equity ratio 218  
 decision processing enterprise portal 53  
 digital dashboard 274  
 direct goods 233  
 disruptive change 9, 123

## E

e-learning organization method 231  
 e-procurement 232, 240, 249  
 economic ordering quantity (EOQ) 250  
 economic-value added (EVA) 199  
 encryption 61  
 enterprise application integration (EAI) 90,  
     164  
 enterprise content management 64  
 enterprise performance management 125  
 enterprise portal (EP) 52, 128  
 enterprise profit optimization (EPO) 200  
 enterprise resource planning (ERP) 20,  
     224, 237  
 enterprise self-service (ESS) 76  
 enterprise storage network (ESN) 58  
 enterprise-wide open source model 72  
 evaluation 36  
 evolver 75  
 execution 245  
 executive leadership 122  
 executive visioning 124, 130, 138  
 expeditors 196  
 extensible business reporting language  
     (XBRL) 186  
 external reporting 194

## F

finance 184  
 Financial Accounting Standards Board  
     (FASB) 187  
 financial analytics 201  
 financial capital 184

financial performance 184, 206  
 financial ratios 199  
 flexibility 228, 273  
 fourth-dimensional 271  
 functional approach 19, 258

## G

generally accepted accounting principles (GAAP) 187  
 generation 36  
 globalization 68, 185, 225  
 goal programming 72, 79, 127, 136  
 goal programming software 86, 201  
 grid computing 47  
 gross domestic product (GDP) 224

## H

holistic 19, 146, 257

## I

indirect goods 233  
 information lifecycle management (ILM) 51  
 information sharing 31  
 innovation 90  
 intellectual capital 12, 16, 184, 279  
 intelligence 3  
 internal reporting 194  
 Intuit 262  
 inventory turnover 39, 97, 199  
 investment status 199

## J

just-in-time (JIT) 82, 195, 252

## K

key performance indicator (KPI) 185, 198  
 KISS (keep it simple, straightforward) 89, 186  
 KM/WM system 6  
 knowledge 3, 57  
 knowledge discovery 72, 83, 86

## L

lean manufacturing principle 232

learning organization 16  
 lifecycles 62, 206, 211, 226, 245  
 lifetime value 163, 213  
 logical-analytical thinking centers 34  
 loyalty 153

## M

management principle 116, 152, 225  
 manufacturing 186  
 manufacturing execution system (MES) 224, 237  
 manufacturing model 230, 238  
 manufacturing operations management (MOM) 243  
 manufacturing software 235  
 market leadership 171  
 market pricing strategy 179  
 market research 99, 159, 166  
 market strategy 99  
 marketing 149, 158, 166, 173, 186  
 mobile technology 65, 69  
 mySAP product lifecycle management (mySAP PLM) 128

## N

net worth debt ratio 199  
 network-attached storage (NAS) 58  
 new business model 72, 74  
 newer management principles 119, 156, 201, 230

## O

open-ended infrastructure 49  
 open-source technology 92  
 opportunity-centered approach 34, 38, 42  
 optimal decision making 24, 225  
 optimal KM/WM system 17, 71, 85, 260  
 optimization 3, 50, 72  
 optimization software 76, 86, 163, 200, 236  
 organizational operations 11  
 overall equipment effectiveness (OEE) 238
