

Acknowledgments

The author would like to acknowledge the help of all involved in the collation and the review process of this book, without whose support the project could not have been satisfactorily completed.

Thanks go to all who provided constructive and comprehensive reviews and comments. The staff at Idea Group Inc. have also made significant contributions to this final publication, especially Kristin Roth, Michele Rossi, Jan Travers, and Mehdi Khosrow-Pour. Without their input, this work would not have been possible.

Finally, thanks to my husband David F. J. George for his support and love throughout this project.
