

Acknowledgments

Many people made this book possible. Foremost on the list of acknowledgements, of course, are the chapter authors, who were not only contributors to the new book but also performed extra work as reviewers of other's chapters.

Particular gratitude is due to the publishing team at Idea Group Publishing. In particular to Jan Travers and Michele Rossi, who continuously prodded via e-mail to keep the project on schedule, and to Mehdi Khosrow-Pour, whose enthusiasm motivated me to initially accept his invitation to take on this project.

A further special note of thanks goes also to the staff at Idea Group Publishing, whose contributions throughout the whole process from inception of the initial idea to final publication have been invaluable.

Their efforts are greatly appreciated and will never be forgotten.
