

Acknowledgments

The editor would like to acknowledge the help of all involved in the review and preparation of the book, and a further special note of thanks goes to all the staff at Idea Group Publishing whose help throughout the whole process has been invaluable.

Special thanks to Louisa Cardenas of the American Red Cross of Greater Los Angeles for allowing me to use her “Penguin Theory,” to Stacy Boyle and Rathna Patel of NETg, and to my husband Terry who has always served as my mentor.

Finally, I want to thank all the authors for their insights, patience, and excellent contributions to this book. Thank you all for believing in my idea and supporting this book to the end.
