

Acknowledgments

Each chapter of this book has been peer reviewed by at least two independent reviewers. We owe a great deal to the reviewers who reviewed entire chapters and gave the authors and editors much needed guidance. We wish to thank all the authors for their insights and excellent contributions to this book. A further special note of thanks must go also to all the staff at Idea Group Publishing, whose contributions throughout the whole process, from conception of the idea to final publication, have been invaluable. The book would not have been possible without the ongoing professional support from Senior Editor Dr. Mehdi Khosrow-Pour and Development Editor Ms. Kristin Roth. Finally, we want to thank our families for their love, support and patience throughout this project.
