

## Acknowledgment

The editors would like to acknowledge the help of all those involved in the drafting and review process of this book. Without their input and support it could not have been completed.

We are grateful to Myla Harty in the Development Division of IGI Global for her advice, encouragement, and patience along the way. We would also like to thank everybody who offered constructive review feedback for the different chapters. These were Liam Bannon, Robin Blom, Tony Bryant, Lakshman Dissanayake, Alexandra Dunn, David Griffin, Cristina Ionescu, Sheila Killian, Nehal Mahtab, Jenny Martin, Fergal McGrath, Shane O'Hanlon, José Rodrigues Filho, John Walsh, John Willott, and Christopher Wilson.

Finally we would like to thank all the authors for their excellent contributions to this book. Without their insights and expertise it would not have been possible to adequately cover the ever-changing worlds of human rights and information and communication technologies.
