

# Acknowledgment

I would like to thank all those who participated in this project and who have helped me make it a reality. First of all, I thank all the authors who worked so diligently to complete their chapters and who were very patient with all the requests for revisions and information. Secondly, I thank the Editorial Advisory Board for its assistance with reviewing chapters over semester breaks and the holiday season. Also, a warm thank you goes to Dr. Dan O'Connor from Rutgers University for writing the foreword for the book. Finally, I would like to thank my husband for his patience throughout the project and my daughter for sharing her expertise in language and editing to assist with final revisions.
