George Leal Jamil thanks Dr. Beatriz Leal Jamil for the kind, severe, and diligent help reviewing all the material; Dr. Maria Manuela Cruz-Cunha and Dr. João Eduardo Varajão, Portuguese researchers, friends, authors for IGI Global, and those responsible for my introduction to this editorial company; Mr. Leandro Henrique Rocha Santos, for his friendship, suggestions, and cooperative work, which resulted in several insights for this book; my research teammates, Cláudio Roberto Pessoa, Oswaldo Baião Filho, and Ricardo Rodrigues Barbosa, who always help me with insights to develop my study objects, a base for the work done in this book; and all chapter authors, their research teams, and institutions. As usual, always, my thanks to Angela and Marlene Jamil for everything.
