

## Acknowledgment

My warm thanks in particular to Gloria Latham and Jennifer Elsdon-Clifton for many encouraging conversations around the idea of writing about discomfort and change. Moving from ideas to something more tangible was further enabled through the invaluable support of Gloria, Jennifer, Ilana Snyder, Michael Crowhurst, Catherine Beavis, Kate Lovig and Mary Hanrahan. Above all, I want to thank the writers in this volume, who share their enthusiasm and determination to continually rethink learning.
