3D Modeling in Second Life 66

## A

“active” lecture environment 76  
 academic knowledge 56  
 access control 99, 106  
 access control systems 107  
 accurate user identification 100  
 active learner engagement 254  
 active learning 24  
 active worlds learning environment 57  
 ADDIE (Analysis, Design, Development, Implementation, and Evaluation) model 234  
 Anglia Ruskin Computing (ARC) 62  
 Art of Illusion 66  
 assessment 1  
 assessment, types of 5  
 assessment of learning 91  
 assessment practices, formative 76  
 assessment practices, summative 76  
 assessment tasks 79  
 association 60  
 asynchronous online quizzes 87  
 audacity 66  
 audience response system 76, 80, 82  
 audience response system, general pedagogical issues 87  
 audience response system, integration of 86  
 audience response system, limitations of 85  
 audit 108  
 AWEDU 57

## B

‘blended’ technologies 89  
 Biology Bridging Program 41  
 biometric systems 104  
 biometric technologies 102  
 blended e-learning 58  
 breadth discovery 8

## C

case-based teaching 22  
 case-based teaching approach 20  
 Center for Technology in Education (CTE), The 247  
 change, drivers for 77  
 co-operative learning 24  
 cognitive skills/alignment 78  
 collaboration 51  
 collaborative e-learning 37  
 collaborative idea generation 155  
 collaborative knowledge 24  
 collaborative learner engagement, assessing the efficacy 256  
 collaborative learner engagement, practical strategies for 254  
 collaborative learning 39  
 collaborative learning, peer assessment 40  
 collaborative learning tasks 22  
 collaborative projects 37  
 collaborative wiki 46  
 communication 60  
 communication, flexibility of 122  
 communication, speed of 122  
 community 71

computer-mediated 255  
 computer-mediated conferencing 61  
 computer-networked 254  
 computer-networked education 255  
 computer-networked learning environments 255, 256  
 computer-networked settings 254  
 computer-supported collaborative learning (CSCL) 255  
 computer assisted assessment (CAA) 99  
 computer science courses 153  
 computer science courses, analysis of undergraduates 153  
 computer technologies 155  
 consequential validity 3  
 constructive learning 24  
 constructivist 55  
 construct validity 3  
 contemporary learning environments 218  
 content attainment approach 78  
 content delivery 55  
 content validity 3  
 conversational learning 24  
 conversation logging tools 62  
 corporate learning 137  
 creativity 59  
 criterion-related validity 3  
 critical thinking skills 22, 76  
 Cronbach's Alpha correlations for learning style 159  
 CSCL efficacy 262  
 CSRs 240

## D

"distance learning" courses. 255  
 "distance learning" students 255  
 data integrity mechanisms 105  
 Deakin University psychiatry units 109  
 denial of service (DoS) attacks 98  
 depth discovery 8  
 DIF analysis 196  
 differential item functioning 195  
 digital immigrants 121  
 digital natives 121  
 digital portfolio 244, 245  
 digital rights management (DRM) 107

digital signature 106  
 digital signature generation 105  
 digital video (DV) 22  
 discussion forum 62  
 distance education, postgraduate program 243  
 document management system 106

## E

e-assessment 97  
 e-learning 1  
 e-learning (EL), empirical assessment of 151  
 e-learning, collaborative 37  
 e-learning, educational design for 41  
 e-learning, influence on validity and reliability 11  
 e-learning, innovative approaches to 76  
 e-learning, issues in peer assessment 117  
 e-learning, management and administration challenges 128  
 e-learning, pedagogical challenges 127  
 e-learning and assessment, implications for 208  
 e-learning and peer assessment, future of 129  
 e-learning community, developing the 46  
 e-learning course 20  
 e-learning courses, computer science and humanities 151  
 e-learning courses, validation of 151  
 e-learning environment 1, 6  
 e-learning environment, assessing group learning in 139  
 e-learning environment, reassessing validity and reliability 1  
 e-learning environment, stimulating group learning 137  
 e-learning environments 117, 218  
 e-learning environments, functionalities 120  
 e-learning environments, implications for group learning 146  
 e-learning environments, self-and-peer assessment tool 170  
 e-learning environments, users 121  
 e-learning for formative and summative assessment 77  
 e-learning for peer assessment, challenges of 127

## **Index**

e-learning for peer assessment, opportunities 122  
e-learning group dynamics 136  
e-learning in higher education institutions 86  
e-learning model, levels and tasks 62  
e-learning program 38, 244  
e-learning settings 23, 136  
e-learning settings, proxy for individual learning 136  
e-learning strategies, holistic 59  
e-learning students, cohort of 195  
e-learning technologies 56, 76  
e-learning technologies, traditional use of 58  
e-learning technology, transformative use of 58  
e-learning tools 117  
e-learning tools, functionalities 120  
e-portfolio xv, 243  
e-portfolio, definition 245  
e-portfolios, integrated 248  
e-portfolios, learning 246  
e-portfolios, showcase 246  
e-portfolios, structured 246  
e-portfolios, types of 246  
e-settings 254  
educational assessment devices 1  
educationally oriented 13  
effectiveness evaluation 236  
electronic content origination (IECO) module 66  
electronic delivery 1  
electronic information exchange system 152  
electronic mediation 10  
electronic portfolio (EP) 247  
emotions generated by the course, student perspective 29  
encoding 224  
engagement, level and nature of 65  
ethics 250  
evaluation functions 235  
evaluation pyramid 236

## **F**

face-to-face (FTF) format 153  
face-to-face course 23  
face validity 3

file management systems 107  
Finnish Sports Federation (FSF) 22  
flexible interaction 61  
formative assessment 6, 76, 80  
formative evaluation 236  
formative SAPCA feedback, forms of 180  
FRAPS 66

## **G**

GIMP 66  
good practice principles 82  
Google 56  
grade point average (GPA) 153  
graphical user interface 71  
group, functioning as a 50  
group discussion 155  
group dynamics 137  
group functioning skills 146  
group identity 49  
group learning 48, 146  
group learning assessment 137
